BIG NAVAL DISPLAY IN HAMPTON ROADS

Three Hundred Thousand Tons of Floating Steel.

FIGHTERS OF AMERICAN NAVY

They Assemble in the Roadstead to Welcome Foreign Warships and Take Part in the Celebrations Marking the Jamestown Exposition.

Norfolk, Va., April 24.—The greatest fleet of American vessels ever assembled in the history of the waters of Hampton Roads—300,000 tons of floating steel—was made ready Tuesday to receive the first of the visiting foreign battleships and cruisers which are from time to time to take part in the celebrations which will mark the progress of the Jamestown ter-Centennial exposition. For the opening of the exposition—Friday, the 26th—the war vessels of Great Britain, Germany and Austria are expected. One of the visiting Germans—the dark hulled cruiser Bremen, commanded by Lieutenant Commander Alberts—is already in the roadstead, awaiting the arrival of the Roon, a big armored cruiser.

All the American vessels now at anchor belong to the Atlantic fleet. There are probably 25 battleships and cruisers in the far-flung line, which is headed by the Connecticut just off the government pier at Fortress Monroe, and which trails away almost to the vanishing point up the broad channelway leading to Norfolk.

The fleet has been arranged so as to give the visitors to the exposition the best possible opportunity for viewing the fighting strength of the American navy.

The ghstening white hulls, spotless in their new coats of paint and the buff superstructure of the two and three-piped line of battleships and armored and protected cruisers, form a marine panorama as viewed from the water front esplanade of the exposition grounds, such as has seldom if ever before been presented to the American public. The vessels are anchored several thousand yards off the exposition shore and being arranged in a huge semi-circle, are visible from every part of the grounds. Practically every type of fighting craft in the American navy is represented in the positions. Battleships range fro mthe 16,000 monsters of the Connecticut and Louisiana class—the forerunners of the Dreadnaught's about to be added to the navy—down to the all but abandoned old Texas, the oldest American battleship and sister of the Maine, which was wrecked in Havana harbor. The Texas was built at the Norfolk navy yard, many years ago and being a local product, is to remain at the exposition as a permanent feature of the naval exhibit. With her eight guns and her paltry 6,315 tons of weight, the Texas when ranged alongside the mammoth Connecticut, which mounts twenty-four guns and displaces 19,000 tons of water, offers a striking example of the progress of the American navy since the days of 1896, when the Texas and the first Maine were authorized by congress.

All Modern Craft.

The cruisers of the fleet are all modern craft, though the variance in size between the largest and smallest, are as great as that which marks the heavier vessels of the battleship class. The armored cruiser Tennessee and Washington, each of 14,500 tons and mounting 20 guns apiece, are the heaviest of the cruisers. They can hurl a weight of metal almost equal to the first-class battleships, while at the same time they possess the fleetness of the ocean greyhound—the massive, throbbing engines in their holds being capable of the displacement of 20,000 horsepower. The smallest cruisers are the Denver and Cleveland—3,100 tons each—the third class of the protected class. In the cruiser class, the most interesting vessels are perhaps the Brooklyn, the flagship of Rear Admiral Schley in the battle with Cervera's squadron off Santiago, Cuba. The Brooklyn, bearing on her after turret the memorial plate simply and eloquently inscribed, "July 3, 1908," will also remain a permanent naval exhibit during the seven months of the life of the exposition.

The English squadron, under command of Rear Admiral Neville, is expected in Hampton Roads Thursday.

Roosevelt to Review Fleet.

President Roosevelt will review the gathered American fleet and the visiting foreigners from the bridge of the Mayflower on Friday morning before he lands on the exposition grounds.

Fifteen hundred bluejackets will be landed from the American vessels to take part in the military and naval parade Friday afternoon, which will be reviewed by the president from the grand stand erected on the exposition's plaza known as "Lee's parade."

Strikers Are Enjoined.

Atlanta, April 24.—A large number of the machinists employed at the E. Van Winkle Gin and Machinery Works are now out on a strike inaugurated by order of Atlanta lodge, No. 1, of the International Association of Machinists, of which Jerome Jones is the presiding officer. This strike was the occasion of the filing of an equitable petition Monday in the superior court by the Van Winkle company, praying that the said lodge, its members and the striking machinists named as defendants in the petition be enjoined and restrained from iterfering in any manner with the labor now employed at the machinery works, and from posting pickets about the works for the purpose of inducing workmen to quit their positions or to refrain from working for the company.

Booze Mill Raided.

Macon, Ga., April 24.—One of the largest illicit distilleries ever seen by the officers connected with United States Marshal Geo. White's office, in this city, was destroyed by Deputy Marshals Dave and Frank Riley and Deputy Collector C. L. Viga, and Special Deputy Oscar Hamlin, Monday across the river from Eatonton, in Putnam county, and the men doing the smashing found that the plant had been operated by "Wild Bill," alias Charles T. Williams, a white man, and an old offender. The still was of 175 gallons capacity, and more than 2,000 gallons of beer were turned out on the ground.

His Life Saved by His Watch.

Hazelton, Pa., April 24.—Jan Bartula, who told the police officers at Newark, N. J., last week that he was a member of a band of anarchists with headquarters at Hazelton, who were plotting to kill President Roosevelt, came here Monday and went to Audenreid, his former home, where he shot at Charles Krause, a mine foreman in the service of the Lehigh and Wilkesbarre Coal company. The bullet struck Krause's watch and he escaped unhurt. Bartula was arrested. It is believed he is insane.

Midnight Broil in Columbus.

Columbus, Ga., April 24.—Columbus' leading Greek restaurant on Ewelfth steet was "cleaned out" Tuesday morning by a crowd of men and boys, and before the trouble was over almost a riot was in progress. One of the Greek waiters became insulted at a remark made by one of a party of visitors and a difficulty ensued. Several of the men present had been drinking, and they took the part of their comrade. Greek cooks and waiters swarmed out from the rear part of the building, and a general, free-for-all fight ensued.

Club Re-Elects Officers.

Atlanta, April 24.—At a well-attended meeting of the members of the Capitol City Club at the club house, President Albert Howell, Jr., and Vice President W. G. Raoul were put in nomination for re-election, and as their nominations were both unsolicited and unanimous, they were renamed at the regular election Tuesday.

Well Known Atlanta Man Dead.

Atlanta, April 24.—Michael Haverty, aged 71 years, a well known Atlantan, and ex-confederate soldier, died Monday night at 8 o'clock at the family residence, 187 South Forsyth street.

EXCITING FIRES IN CITY OF NEW YORK

Four Men Burned to Death, 250 Horses Perish.

MANY FIREMEN WERE INJURED

Thrilling Escapes from Burning Buildings—Property Loss Reported Very Large—Bodies of Italians Burned Beyond Recognition.

New York, April 24.—Four men burned to death, two hundred and fifty horses killed, twelve firemen injured, two of them seriously, two engines overturned and wrecked by collision with street cars, several thrilling rescues from burning buildings, and property loss of $200,000, is the story of the fire department for the five hours following last Monday midnight.

Six different fires on the upper East Side, in Broadway, on the middle East Side, and a big stable fire at Christopher and Barrow street, kept the firemen constantly at work.

The dead are four Italians, whose bodies, burnel beyond recognition, were found in the ruins of the burned stable.

The fire was in the Dispatch stables, in the block between Christopher, Barrow, West and Washington streets.

Three alarms called out a great battery of fire apparatus, including two big fire boats, but it was only after a hard fight that the firemen saved the big adjoining tenements, and the Palace and Knickerbocker hotels.

Two hundred and fifty horses quartered in the building perished.

The bodies of four Italians were found in the ruins an hour after the fire had been extinguished.

The loss in the stable fire is placed at $100,000.

Another serious fire started in the Madison street laundry, in East Seventy-third street, and swept up through the five-story building, several of the upper floors of which were occupied as the tenements. It was while on the way to this fire that two fire engines were wrecked. The drivers of both engines were injured, but it is not believed that either of them is fatally hurt.

The firemen had a hard fight before the laundry and the tenement house fire was subdued, because of the lack of water pressure.

The families in the upper part of the building were cut off from escape by the stairways, but were rescued by firemen. The fire caused a loss of $20,000.

It was in a high building in Wooster street that most of the firemen were injured. Fire had been discovered on the top floor and the firemen had dragged their hose up the stairs to fight a stubborn blaze in the factory of the Frome Manufacturing company. The fire company had reached the scene when the flames and the choking smoke swept over them. A dozen of the men were blown down a flight of stairs. Several of them were severely burned and bruised.

The other fires were in widely separated sections of the city.

Monument to General.

Havana, April 24.—Many Spaniards here, including members of the Spanish clubs, have obtained permission to erect at El Caney a monument to General Vara del Rey, who defended that place against the Americans. Gen. Vara del Rey was wounded several times, but refused to leave the fight, and directed movements of his troops from a stretcher which was placed almost upright by his orders. He died on the battlefield.

To Plan Fortifications.

Portland, Ore., April 24.—Colonel S. W. Rooseler, of the engineering corps, U. S. A., has gone to San Francisco enroute to the Hawaiian islands, where he, in company with others of the engineer corps, will determine on plans for immense fortifications which will protect the islands in the Pacific. Colonel Roosesler will be gone about a month.

LUMBER BARGE LOST.

Captain and Thirteen of the Crew Believed To Have Perished.

Manistee, Mich., April 24.—The wooden lumber barge, Arcadia, which left this port April 12th, for Two Rivers with a cargo of hardwood, has undoubtedly been lost in Lake Michigan with her captain and owner, Harry May, and about 13 others.

Marine men here have given her up as lost, and would not be surprised to hear that her wreck was caused by a boiler explosion. Some hold the theory that she went down as the result of the big storm of April 14.

The known list of persons aboard the Arcadia was Captain Harry May, Mrs. Harry May, young woman cook, name unknown here; Otto Chevalia, sailor, Manistee; Harry Powers, sailor, Manistee. There were about eight more, members of the crew.

The boat has not been heard from definitely since leaving Manistee.

Wreckage has been found along the beach from Pentwater north, to Little Point Sauble, bearing the name of the missing boat. Portions of her cabins and bulwarks also have been found on the beach near Pentwater.

ACTION DISMISSED.

Suit Brought Against Princess Camilla Von Wrede.

Berlin, April 24.—The criminal action which was brought against Princess Camilla Von Wrede, because of the theft of silver from a Berlin hotel, is to be abandoned. Medical experts have pronounced her insane. The princess is now in a sanitarium.

The accusations against the princess who caused the sesation, was brought by a valet of the princess' husband. The man had been discharged after informing the prince that his wife was a kleptomaniac, and demanding $12,000 for silence. The valet was later arrested charged with attempted blackmail. When the police searched the castle in Mecklenburg, which was leased by Von Wredes, they found silverware valued at $45,000, which, it is said, was stolen from the leading hotels in Europe.

The princess was Carmen Dolores Josefa de Benitez, a rich Argentine woman. The Von Wredes have a palace in Madrid which is filled with rare art treasures.

Balloonist Issues Warning.

New York, April 24.—Allan R. Harley, of New York, who, with Arthur T. Atherholt, of Philadelphia, made an eighty-five mile balloon trip from Philadelphia to Matawan, N. J., has issued a warning to aeronauts that they must be careful in making balloon trips near the coast, or the ocean will get them. He has observed, he says, that all the upper currents near the coast tend to carry the balloon out to sea. He thinks that the balloonists who are to make ascensions at the Jamestown exposition should be warned.

Two Killed at Crossing.

Petersburg, Va., April 24.—An accident occurred Monday morning at a crossing on the Seaboard Air Line about 6 miles from this city, in which two persons were instantly killed and one seriously injured. Mrs. Perkinson and her daughter were in a wagon drawn by two horses. They were crossing the tracks at an abrupt curve of the road through a deep cut, which prevented observation on either side, when the fast train struck the wagon. Mr. Perkinson and Mrs. Shell were killed instantly and Miss Shell had an arm broken and was also injured.

To Meet General Kuroki.

San Francisco, April 24.—Lieutenant General MacArthur, accompanied by Lieutenant Colonel Frank Winn, Major W. W. Harris and Colonel J. L. Chamberlain, will leave the city next Thursday for Seattle to meet General Kuroki, who will arrive there on May 1. General MacArthur and his staff will escort the distinguished Japanese warrior to the Jamestown exposition.

Bristol Votes on Saloons.

Nashville, Tenn., April 24.—An election was being held in Bristol, Va., Tuesday to decide whether or not saloons shall be abolished in that city. At Bristol, Tenn., just across the state line, saloons were voted out several weeks ago.

STRIKERS BESIEGE PARLIAMENT

Thousands of British Laborers from Woolwich March to House.

London, April 24.—The cry yof u employed was raised in London agai Monday night, when several thousan skilled workmen, who had been di charged from the Woolwich arsena as the outcome of Secretary Haldane scheme of reducing military expen ses, marched with band and banner the long distance from Woolwich t the house of commons to impress the grievances upon the government.

The complaints of the men are far reaching, representing not only lo of employment, but the wiping o their savings invested in little pro erties located in the historical an heretofore prosperous town of Woo wich.

Some of the discharged men ha been employed in the arsenal at Woo wich for not less than thirty years A number of printers and other me laborers and citizens, joined in th procession, which was further aug mented by a strong body of worke from the army clothing factory Pimlico.

The entire eight miles of marc was thickly lined with spectators. Th procession, which was perfectly o derly, was halted at St. George Cir cle, one mile from the house of par liament, and from where a deputati of picked men proceeded to the hou of commons to lay the grievances themselves and their comrades bef Premier Campbell-Bannerman.

Censorship for Plays.

Montreal, Quebec, April 24.— the meeting of the city council Mo day afternoon a letter was receiv from Archbishop Druchesi, of t Roman Catholic diocese of Montre suggesting that a censorship established to examine all plays be produced in the local theaters. T of the local French theaters recen agreed to submit all plays to the arc bishop, and he now desires that t censorship be extended to the Engli theaters. The council appointed special committee to study the ma ter and report.

Buccaneer's Treasure Found.

Lisbon, April 24.—A cave, co taining valuable treasures, has be found on the coast of northern Po tugal. The treasure included ma old gold coins, jewelry and antiq arms, supposed to have been a bu caneer's board. Recent earthquake which exposed the cave, made t discovery possible.

NEWS OF CITY AND COUNTY CONDENSED

J. W. Maphurs is out again, after a couple of days spent at his home with fever.

F. E. Cellon of Hague was among those who spent yesterday in this city on business.

Miss Mary Bell of Waldo, who has been here on a visit to friends, has returned to her home.

Mrs. A. L. King and Miss Julia King of Waldo are here on a visit to the latter's sister, Mrs. Geo. R. Ellis.

Miss Susanne Trezvant has gone to her home in Memphis, Tenn., after a pleasant visit of several months to relatives in Archer.

Friends of Captain J. M. Dell will regret to learn that he has been confined to his home for the past two or three days with fever.

Among the prominent visitors to this city yesterday was E. S. Gaulden of Old Town, who is well known in the section from whence he comes.

Mr. and Mrs. R. M. Perry and daughter, Miss May, who have been here on a visit to the latter's sister, Mrs. Lula Moody, have returned to their home in Ocala.

B. F. Minton of Orange Heights and J. W. Tillman of Windsor were in the city yesterday and paid The Sun an agreeable visit, Mr. Minton renewing his subscription.

Hon. Fred Cubberly of Cedar Key, collector of customs of the port of Cedar Key, was in the city yesterday and made The Sun an agreeable call. He was en route from Tyler and other points in the West End, where he was called on professional duties.

The principal and patrons of Martha Perry Institute at Rochelle propose to give the people of that section a fine entertainment on Friday night, the proceeds of which will be devoted to the piano fund. This will be the closing of the school, and everybody is invited to come and enjoy themselves. Prof. J. H. Owens, the principal, guarantees a fine program.

Prof J. H. Coffee, for several years a prominent school teacher of this county but now attending the Atlanta Medical College, has gone to Micanopy, where he will spend his vacation. Prof. Coffee was in Gainesville a few hours Monday, and had the pleasure of shaking hands with his friends, who were glad to greet him again. He is looking the picture of health.

We have received an invitation to be present at the commencement exercises of the Atlanta Dental College, Atlanta, Ga., which will be held at the Grand Opera House in that city on the evening of the 25th inst., and at which Harry Pearce of this city wil receive the graduating honors. Harry has always been a popular boy here, and his friends will be glad to learn that he will leave the college a full-fledged graduate. He is expected home in a few days.

Among the visitors to the city Tuesday was J. F. DeSha of Waldo, who came on business with the tax collector's office. For many years Mr. DeSha conducted an extensive and prolific farm on Hatchet creek, near Newnan's Lake, but desiring to secure better school advantages for his children, he disposed of his farm and removed near Waldo, purchasing a nice place, and where he now has the advantages of both the school and the opportunity of doing his trading without making a trip of several miles.

IN SERIOUS CONDITION.

Miss Johnnie Dempier, of Hague. Seriously Burned, Still Suffers.

County Commissioner C. C. Pedrick of this city yesterday received from Hon. John G. Dampier, his colleague, information to the effect that one of his daughters, Miss Johnnie, who was seriously burned a few days ago, was suffering intense pain and that the condition of the patient was anything but encouraging.

It will be remembered that this young lady's clothing was ignited from a fire in the fireplace of her father's home a few days ago. When her predicament was discovered, an older sister was attracted to the scene, and in an endeavor to extinguish the flames she was badly burned. A smaller brother, however, realizing the situation, rushed to the assistance of the girls. He was also burned.

This lad and his elder sister, who also suffered a great deal, have recovered, but the younger girl is still suffering intensely. It is hoped there will be no serious results from this misfortune.

POPPELL—CAILE.

Two Popular Young People Will be United in Marriage Saturday.

Te Sun has received information that there will be a wedding in Island Grove on Saturday, April 27, when Miss Jessie Lula Caile will be united in the holy bonds of matrimony to Joseph Clayton Popell.

The contracting parties are well known and popular in this city and section. Mr. Poppell was formerly a student of the East Florida Seminary, where he made many friends. The bride-elect is also quite popular here, having many friends in this city.

The Sun, with other friends, extend congratulations in advance.

Jolly Fishing Party.

A jolly fishing party from Gainesville hied themselves away to Colclough's pond yesterday, spending the day at that favorite resort.

The fish were not biting as well as they had anticipated, but those in the party knew how "things had been before" in this direction and had provided a sufficiency of corn meal, bacon, and other things which go to make up a dinner when the crowd don't catch the fish, with the result that they all had a good time and a good dinner, returning home in the afternoon.

The Spring Carnival.

The spring carnival, which was given under he auspices of the ladies of the Episcopal church, was held on the lawn of Hon W. W. Hampton last afternoon and evening, and was a great success. There was also a baby show connected with the carnival, and prizes were awarder. A full notice of this function will appear in The Sun of tomorrow.

HAS MYSTERIOUSLY LEFT.

G. C. Coleman, Recently Located Here, Disappeared Without Cause.

G. C. Coleman, who arrived in this city a few weeks ago and opened a curio store and watch repair shop on West Main street, has mysteriously disappeared, and for several days nothing has been heard of him, although he left a quantity of goods in his store.

Mr. Coleman created a good impression among those who met him here, and there is no reason why he should have so mysteriously disappeared, leaving the goods behind him, as he was in apparently no financial straights or troubles. He appears to have settled all his obligations promptly, and so far it has been impossible to find anyone to whom he was indebted when he left the city. His disappearance under the circumstances is indeed mysterious, and it is hoped that he has only gone away temporarily, and will soon put in his appearance again.

Judge Mason's Court.

In Judge Mason's court Tuesday there was a case which took a rather peculiar turn.

This was a case in which J. G. Watson was suing the Atlantic Coast Line for the injury of a mare, the plaintiff having alleged that a train on the said road had run the animal down and injured her to such an extent that she was of no further use to the plaintiff.

The case was called. The jury was empanelled and several witnesses sworn and testified, when the plaintiff decided to continue the case, which motion, through the attorney of the plaintiff, was considered and granted.

This case was then dismissed for the present, pending the action of the plaintiff for calling the same again.

The News From Newberry.

Newberry, April 24.—I. F. Lamb of Worthington Springs is here registered at the Commercial.

Mr. and Mrs. C. H. Richardson and children, who have been visiting Mrs. Wetherington, left Monday for their home in Cedar Key.

Misses Sallie Garland and Atlanta Studstill have returned home from Bronson, where they visited friends last week.

Don Livingston of Trenton is here, guest of his brother, George Livingston.

We are sorry to report Mrs. Will Smith is quite sick this week. Her friends hope to see her out soon.

Bud Garland spent Sunday in High Springs, visiting friends.

Miss Vida Hunter, who has been sick the past week, is able to be out again.

Dr. and Mrs. J. T. Ruff spent last week in Tampa.

Mr. and Mrs. Will Summers of High Springs are here visiting Mrs. Guy.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N.Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

On roll call there were 22 ative votes and only two in gative, and the chair announcthat the bill had received the necessary two-thirds vote required by constitution, and that the bill had ed the Senate, the veto of the Governor notwithstanding. The action of the Senate was ordered immediately certified to the House.

A message was received from the Governor officially informing the Senate of his approval of certain bills previously needed as having passed to the houses. These bills were fire insurance and all local except the one relative to the number of grand jurors. The Senate then reverted to bills on third reading.

IN THE HOUSE.

The House was called to order at 9 a. m., Speaker Matthews in the chair.

After prayer by the chaplain, the correction of the journal followed.

Invitation from Andrew Jackson Chapter to attend memorial exercises at City cemetery next Friday at 5 p. m. Motion of Mr. Watson that invitation be accepted by rising vote, and House attend in a body. Carried unanimously.

By Mr. McKenzie of Putnam—Against closed sessions of the internal improvement investigating committee, and instructing the committee to hold only open sessions, and condemning executive sessions as contrary to the spirit of Democratic government. Went over under the rules.

New Bills.

Following were among the new bills introduced:

By Mr. Peeples of Bradford, requiring teachers' summer training schools and making appropriations therefor of $4,000 a year for the next two years, at the University of Florida and the Florida Female College sites for white teachers and the location of the colored normal school for colored teachers, provided impartially for teachers for both races. Mr. Matthews of Marion opposed the bill. He believed in competent teachers, but the State does not make appropriations for any other profession, and opposed the maintenance of normal schools as special legislation. Mr. Wilson of Hernando moved that 200 copies be printed and bill be made a special order for Thursday at 11 a. m.; carried.

By Mr. Thompson of Jefferson, relating to the turning in of stock where parties are farming under one fence, an amendment to Section 3425 of the general statutes of Florida. The bill was passed by a vote of yeas 52, nays 0.

By Mr. Dudley of Hillsboro, making compensation of members of county school boards $4 per day, when in service, and ten cents a mile to and from the court house by the nearest and most practicable route. Yeas 44, nays 5. Those voting no were Messrs. Matthews and Wartmann of Marion, Reed and Williams of Jackson, and Wilson of Lee.

After transacting some other business the House adjourned until Wednesday.

JONESVILLE JOTTINGS.

R. F. D. Established—A Delightful Surprise Party—Other Notes.

Jonesville, April 24.—J. W. Miller of this place attended church at Newberry Sunday.

Our R. F. D. from Newberry began last Tuesday morning. This is a great help to farmers of this section. W. D. Holder, formerly of Tioga, is our worthy deliveryman. Mr. Holder is boarding with his sister, Mrs. L. R. Pickett, until he can get a house in Newberry.

Miss Irene Miller visited Mrs. T. R. Pickett a few days last week. She reports a most enjoyable time.

Miss Pearl Vickers of Kathleen, who is visiting her sister, Mrs. Lim Guthrie of Duluth, spent Friday night with Misses Estella and Irene Miller.

Mrs. James Holt of Newberry is visiting her parents, Mr. and Mrs. W. W. Spires, for a few days. Mrs. Holt has just returned from an extended visit to friends and relatives at Miami. Her health is greatly improved, to the delight of her numerous friends.

Mrs. Jno. Deacon of Lakeland is visiting her parents, Mr. and Mrs. J. J. Jones.

The friends of J. W. Miller and sisters, Misses Estella and Irene, tendered to them a "surprise" party on last Friday night, which was greatly enjoyed by all present, which were Misses Lizzie and Cena Hamilton, Clem Pickett, Pearl Vickers, Neill Johnson and Miss Minnie Lee of Newberry; Messrs. W. G. Chapman, Lonnie Studstill, Lucious Johnson, John Hamilton, Garvin Pickett and Mr. Livingston, brother of Deputy Sheriff G. W. Livingston of Newberry. The evening was passed in delightful music and parlor games. At a late hour the guests departed, having spent a most enjoyable evening.

CURES ALL SKIN TROUBLES.

Sulphur the Accepted Remedy for a Hundred Years.

Sulphur is one of the greatest remedies nature ever gave to man. Every physician knows it cures skin and blood troubles. HANCOCK'S LIQUID SULPHUR enables you to get the full benefit in most convenient form. Don't take sulphur "tablets" or "wafers," or powdered sulphur in molasses. HANCOCK'S LIQUID SULPHUR is pleasant to take and perfect in its action. Druggists sell it.

A well known citizen of Danville, Pa., writes: "I have had an aggravated case of Eczema for over twenty-five years. I have used seven 50-cent bottles of the LIQUID, and one jar of your HANCOCK'S LIQUID SULPHUR OINTMENT, and now I feel as though I had a brand new pair of hands. It has cured me and I am certain it will cure anyone if they persist in using HANCOCK'S LIQUID SULPHUR according to directions.

STREETS IN BAD SHAPE

Condition of West Main and North Pleasant Street Especially Bad.

This section has suffered for a long time for rain, and the people have no complaint to make—in fact, the rain is welcome twice over, but it again reminds Gainesville folks that new pavements are needed on several streets, more particularly West Main and North Pleasant, where after a slight downpour, great mudholes stand to the inconvenience of those who have occasion to traverse these thoroughfares.

It is hoped that the proper authorities will lend energy to have these streets repaved or repaired as soon as possible.

Pastor Seriously Shot.

Tamboy, Russia, April 23.—Father Simon, rector of the Ecclesiastical Seminary here, was shot and seriously wounded. The seminary was recently closed as the result of political disorders.

S.S.S. CURES BLOOD POISON

The first symptom of Contagious Blood Poison is usually a little sore or ulcer which does not always excite suspicion because of its insignificance; but as the poison becomes more firmly rooted in the blood, the mouth and throat ulcerate, copper-colored spots appear, a rash breaks out on the body, the hair begins to come out, glands in the neck and groins swell, and often ulcerating sores form on the limbs, hands or face. But this is not all: if the poison is allowed to remain it works down and attacks the bones, causing necrosis or decay, and makes a complete physical wreck of the sufferer. It will not do to tamper with a disease so powerful as Contagious Blood Poison, for every day the virus remains in the blood the trouble is progressing toward a more dangerous stage, and may in the end get beyond the reach of any treatment. There is but one certain, reliable cure for Contagious Blood Poison, and that is S. S. S., the greatest of all blood purifiers. This remedy attacks the disease in the right way by going down into the blood and forcing out every particle of the poison. It makes the blood pure and rich, strengthens the different parts of the body, tones up the system and cures this humiliating and destructive disorder permanently. The improvement commences as soon as the patient gets under the influence of S. S. S. and continues until every vestige of the poison is driven from the blood, and the sufferer completely restored to health. S. S. S. is not an experiment, it is a success and has cured thousands of cases of Contagious Blood Poison in every stage, and being entirely free from minerals, is a safe as well as certain treatment. If you are suffering with this debasing disease get the poison out of your blood with S. S. S before it does further damage. Special home treatment book on the disease and medical advice sent free to all who write.

WAS AN EXCITING CHASE.

Swedes Steal Tug Boat and Are Pursued on East River, N. Y.

New York, April 24.—Olaf Wolfsteen and Lorf Larsen, two Swedish sailors, ran away with a $20,000 tug boat Monday night and were captured after an exciting chase on the East river, during which shots were fired and collisions barely averted and the boat was constantly in danger of being blown up.

The two Swedes, who knew they were going to be discharged by the McNeil Towing company, their employers, suddenly conceived the insane idea of running away with the tug, Florence, on which they worked as deck hands. The boat had been tied up for the night in Bush Creek, but the men managed to get up steam, and casting away the lines, started for lower New York bay. Captain McNeil, of the tug Claremont, which also belongs to the company, was notified and hastily manning his boat pursued the Florence. The latter vessel had fully a half mile start, but the Swedes, one of whom was at the wheel, and the other in the engine room, were almost without knowledge how to handle a steamboat. They managed, however, to keep the tug at almost top speed.

Captain McNeil kept the Claremont whistling for help, and clapped on all the steam his boat would stand.

Several tugs attracted by the whistling, joined in the chase. As the Claremont gained on the fugitive tug McNeil leaned from the pilot house window and fired two shots and called on the Swedes to stop. They shouted back defiantly, and dodged in and out among the larger boats.

The pursuit ended off Hamilton ferry, the Claremont being the faster tug of the two and better handled. When she drew abreast of the Florence, McNeil leveled his revolver at the Swede in the pilot house and threatened to kill him. The Swedes gave up, and the Claremont's crew boarded the Florence and bound the two men with ropes. They were subsequently locked up on a charge of grand larceny.

Dr. Trippe Pleaded Guilty.

Savannah, Ga., April 23.—Dr. R. J. Trippe, of Cartersville, who was here in attendance upon the convention of the Georgia Medical Society last week, Monday pleaded guilty in the city court to the charge of assault and battery, was fined $50 with an alternative of six months in jail, paid the fine and departed. Dr. Trippe had terrorized the bell boys of the DeSoto hotel with a revolver. When Lance Smith, a hotel clerk, appared on the scene, Trippe split his head with a cuspidor, hence the arrest.

Wealthy Man Suicides.

Bridgeport, N. J., April 24.—F. W. Gardner, justice of the peace, and a wealthy resident of this place, killed himself with a pistol Monday night. Mrs. Gardner followed her husband to the door of an apartment occupied by a young woman. When Gardner say his wife, he drew a revolver and shot himself in the head.

Legislative Committee Reports on Railroad Situation in Minnesota.

St. Paul, Minn., April 24.—Railroad property in Minnesota is valued at $215,000,000 by the Sundberg investigating committee, which returned its report to the Minnesota state senate Monday. This is approximately $27,000 a mile. The property is capitalized to the extent of abou $40,000 or $50,000 a mile on an average.

The net earnings, according to the committee's findings, average over $5,000 a mile last year, or 18 per cent on the committee's valuation.

The committee recommends that a "committee or commission of three be empowered to investigate generally into the capitalization of the railroads of Minnesota, and the relation stocks and bonds bear to the value thereof, and the enactment of such appropriate legislation as the conditions disclosed demand."

A large section of the report is devoted to a drastic review of the Chicago Great Western. This road, it says, "was built by A. B. Stickney, who raised funds by acquiring, organizing, reorganizing and harmonizing divers and sundry corporations of Minnesota, Iowa and Illinois." The capital stock and funded debt of the road is $143,668 per mile, and the committee values it at about one-fifth that, or $28,000 a mile.

CATARRH CAN BE CURED.

Kill the Germs by Breathing Hy-o mei. Gives Quick Relief.

Many people who have suffered with catarrh for years naturally feel that the disease cannot be cured, and become discouraged.

Their failure to get relief is due to the fact that they have not used the right remedy. Catarrh is an affection of the head, throat and lungs, and cannot be cured by stomach dosing.

The only scientific and natural treatment for this disease is Hy-o-mei, which is breathed through a neat pocket inhaler, so that its healing medicated air reaches the most remote air cells, kills all catarrh germs, and restores the mucous membrane of the nose, throat and lungs to a healthy condition.

Hy-o-mei is the only cure for catarrh that has ever been sold with the understanding that it was to cost absolutely nothing unless it cured. J. W. McCollum sells Hy-o-mei in this way and is always ready to refund the money if it does not relieve and cure catarrh.

The healing and antiseptic balsams of Hy-o-mei perform their purpose to perfection, and by using this remedy for a few times each day, you can soon cure yourself of any catarrhal troubles.

A complete Hy-o-mei outfit consisting of a bottle of Hy-o-mei and an inhaler costs but $1.

Kills Father for Whipping Mother.

Columbus, Ga., April 24.—Hal Green, a middle-aged Phenix City negro, is dead as the result of a blow on the head from a baseball bat, fracturing his skull. The deadly blow was given by his own son, Henry Green, aged 18 years, who is now under arrest. The young negro admits the deed and says that he killed his father because he had whipped his mother.

Good Judgment

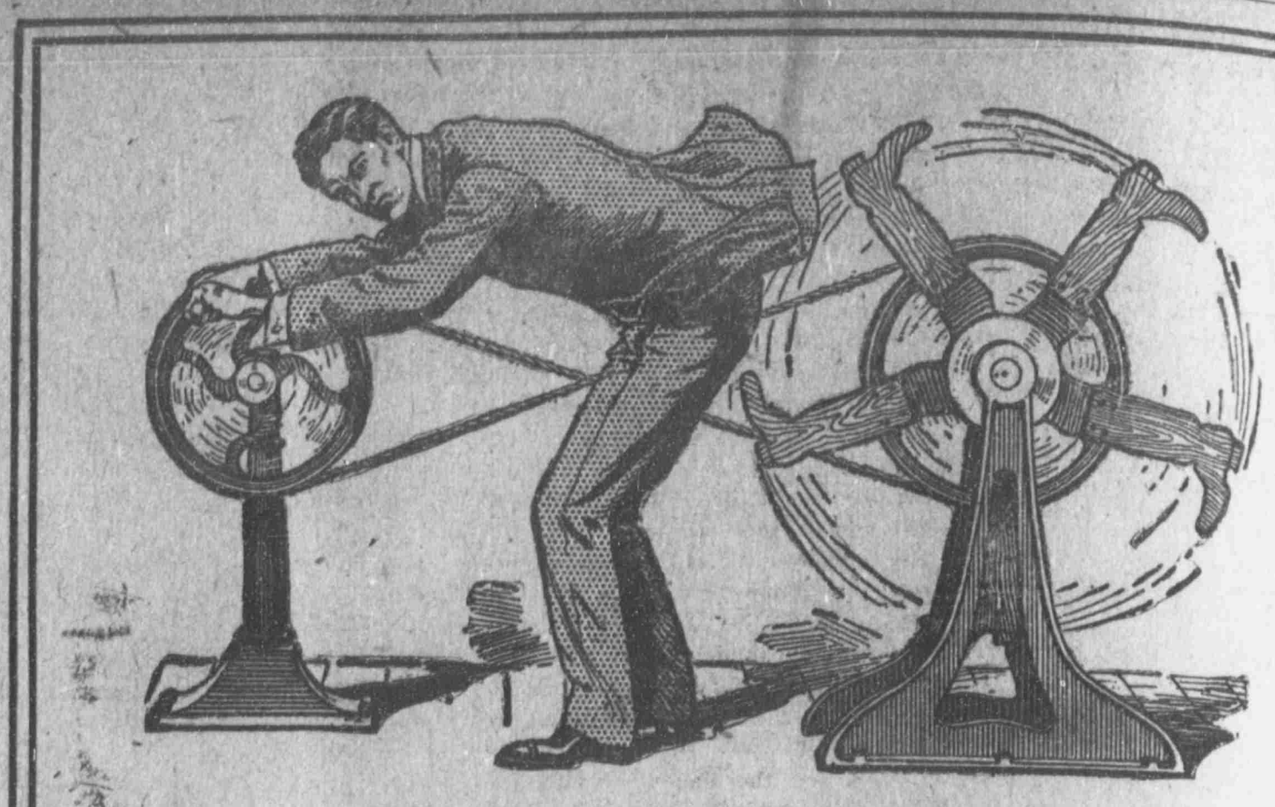
Is the essential characteristic of men and women. Invaluable to good business men and necessary to housewives. A woman shows good judgment when she buys White's Cream Vermifuge for her baby—the best worm medicine ever offered to mothers. Many, indeed, are the sensible mothers who write, expressing their gratitude for the good health of their children, which they owe to the use of White's Cream Vermifuge. Sold by W. M. Johnson.

Big Building Collapses.

Charlotte, N. C., April 24.—After a steady downpour of rain all day, the fine office building of the Charlotte Electric company, costing about $75,000, in course of erection, collapsed about 7 o'clock Monday. Fortunately, no one was in the building at the time. It was one of the largest and handsomest buildings in the city.

Just Because

Your cough is only in the throat and does not trouble you now, don't think that it needs no attention. When it has not had much of a start is the time to check it. The slightest cough easily leads to pneumonia, bronchitis and consumption. A bottle of Ballard's Horehound Syrup will cure that cough. The price puts it within reach of all. Sold by W. M. Johnson.



This man bought a supply of tobacco without acquainting himself with the distinctive taste of SCHNAPPS Tobacco, which has the cheering qualities that gratify his desire to chew, and at less expense than cheap tobacco.

SCHNAPPS has been advertised in this paper so that every chewer has had an opportunity to get acquainted with the facts and know that drugs are not used to produce the cheering quality found in the famous Piedmont country flue-cured tobaccos, and that SCHNAPPS is what he ought to chew. Still there are chewers who accept other and cheaper tobaccos that do not give the same pleasure.

Some day they'll get a taste of the real *Schnapps*—they'll realize what enjoyment they've missed by not getting SCHNAPPS long ago—then they'll feel like kicking themselves.

SCHNAPPS is sold everywhere in 5 cent cuts, and 10 and 15 cent plugs. Be sure you get the genuine.

Stole $50,000 in Bonds.

New York, April 23.—W. O. Douglas, loan clerk of the Trust company of America, was arraigned in the west side police court and remanded without bail on the charge of taking from the company $50,000 in bonds. He was arrested Saturday on the complaint of Oakleigh Thorne, president of the trust company, who discovered the loss of the bonds and personally traced Douglas to a hotel in Forty-seventh street. Mr. Thorne has stated that after his arrest Douglass admitted to him that he had taken the bonds which were those of the Chicago, Rock Island and Pacific railroad company about ten days ago, and also told where they were.

Planning for Rural Police.

Macon, Ga., April 23.—A mass meeting of citizens living in the suburbs of the city and in the densely populated districts of the county has been called for Wednesday evening at the city court room for the purpose of making plans for the rural police system which has already become a matter of deep concern. The most prominent citizens of the county are already determined to take some action.

POLITICAL ETHICS.

The Punta Gorda Herald says:

"According to Editor L'Engle's system of political ethics any man who is opposed to any or all of Governor Broward's policies is the heirling, agent or representative of 'the interests,' otherwise the trusts and corporations.

"The gist of the argument seems to be this: All of Governor Broward's policies are designed for the good of the people; those, therefore, who oppose them, are against the people.

"Now, let us apply this principle and see how it works. Editor L'Engle has repeatedly condemned the editor of The Times-Union, The Tampa Tribune and The Gainesville Sun because of their opposition to gubernatorial policies, and has branded them as the tools of the corporations. According to his view, whatever they advocate is for the benefit of 'the interests' and against the good of the people.

"Ergo, the McCreary bill for State uniformity, which was prepared and introduced by the editor of The Gainesville Sun and embraces the views of the Governor, is against the interests of the people and designed for the benefit of the American Book Company, which is trying to defeat it. Here we have quite a contradictory state of things, but doubtless Editor L'Engle's ethics cantain something to reconcile them.

"At the same time, we find that The Times-Union is opposed to State uniformity, while The Tampa Tribune favors it. As Editor L'Engle seems ready with an explanation for everything, it will be interesting to read his explanation why these three alleged corporation organs do not unite and come to the aid of the book trust in its efforts to defeat uniformity."

"Fort Myers," says The Times-Union, "is full of the spirit of improvement. Its people are proud of their city and alive to its opportunities. They are taking steps to build a seawall and boulevard along the river two miles in length. The owners of property abutting on the proposed boulevard, to be made by filling in behind the seawall, have agreed to pay two-thirds of the total cost, the town to pay the remaining third by bonding, borrowing or otherwise. In return the town will be deeded a 65-foot boulevard." This generous emulation among Florida towns and cities to deserve the crown of beauty is a good thing for the people in many ways. Not only does it serve to leave a lasting impression on the winter visitor and thus advertise the State abroad, but it makes an environment of beauty for the resident which refines the spirit and leads to the forming of nobler ideals, which again react on the environment by inducing residents to pay still more attention to improvements which are meritorious from either a sanitary or esthetic standpoint."

Edwin Anthony says it is possible to make the first ten moves in a game of chess, 169,518,829,100,544 different ways. We have seen people play chess who undoubtedly carefully considered every one of them before finally plunging.

"One always feels a bit chesty when our mayor is introduced," says The Chattanooga Star. Evidently The Star is solid with the administration.

Andrew Carnegie's opinion seems to be that the President is not keeping his peace laurels on straight.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

NOTICE OF INCORPORATION.

Notice is hereby given that we, the undersigned, intend to apply to the Governor of the State of Florida on the 27th day of May, 1907, for letters patent incorporating Alachua Trading & Improvement Co., under the following proposed charter, the original of which is now on file in the office of the Secretary of State, of the State of Florida.

This notice is given in pursuance of Section 2649, General Statutes of Florida.

S. D. RICE.
L. G. CONNELL.
J. D. TURNER.
L. E. TUCKER.
R. S. HUDSON.
J. A. BEACH.

Articles of Incorporation of the "Alachua Trading and Improvement Co."

We, the undersigned, have associated ourselves together and do hereby associate ourselves together for the purpose of forming ourselves into a body corporate under and by virtue of the laws of the State of Florida, and do adopt the following articles of incorporation:

ARTICLE 1—The name of this corporation is Alachua Trading and Improvement Company, and its principal place of business shall be in Tyler, Florida, but such branch offices, agencies, and other places of business, may be established elsewhere in the State of Florida and the United States, as the board of directors shall from time to time determine.

ARTICLE 2—The general nature of the business to be conducted, prosecuted, and engaged in, is to do any or all of the things herein set forth to the same extent as natural persons might or could do, that is to establish, conduct and maintain a general trading, mercantile, supply and manufacturing business, to buy, sell, pledge, handle and deal in and with all kinds of merchandise and personal property, to buy, sell, purchase, acquire, hold, use, lease and mortgage real estate, city or town property of every kind or description, to buy, sell, rent, and lease houses and other buildings and structures, to buy, build, rent and lease hotels, stores, commissaries and to establish and conduct the same and carry on the business of general merchants, to engage in and carry on the business of supplying gas, both natural and artificial for heat, light and power, to engage in and carry on the business of supplying water for private and public use, and to have and hold pipe lines and pumping stations for carrying on said business, to engage in and carry on the business of manufacturing ice and refrigeration for public and private use, to engage in and carry on the business of manufacturing and supplying electricity for light, heat, and power, to buy, construct, lease and carry on the business of communication by telephone, telegraph, or other means of communication and to construct and maintain the poles, wires and structures necessary to carry on said business, and to engage generally in the business of a Public Service Corporation, as may be determined by the board of directors to be advantageous to the business of the corporation. This corporation shall have the right to enter into, make and perform and carry out contracts of every kind and description with any person, firm, association or corporation. This corporation shall have the right to borrow money upon the issue of warrants, bonds or other negotiable securities of this corporation, to purchase, hold, and re-issue shares of its own capital stock, to buy, sell, own, and to dispose of shares and to make advances upon stocks, shares, bonds, securities or obligations of all other corporations or persons watsoever, whereever located or organized, and while the owner or holder thereof of such shares, stocks, bonds, or securities to exercise all the rights, powers, and privileges of the ownership thereof and to exercise any and all voting powers thereof.

This corporation shall have, use and enjoy all the rights, powers, and pivileges granted to corporations for profit under the laws of the State of Florida. The foregoing shall be construed both as to its object and powers, and it is hereby expressly provided that the foregoing specific powers shall not in any way limit or restrict the powers of this corporation.

ARTICLE 3—The capital stock of this corporation shall be One Hundred Thousand Dollars divided into One Thousand shares of the par value of One Hundred Dolairs each. Said stock shall be paid in, in lawful money of the United States, or payable in property, labor or services at a just valuation to be fixed by the directors at a meeting to be called for that purpose.

ARTICLE 4— The term for which this corporation shall exist, shall be Ninety-Nine years from the date of the letters patent.

ARTICLE 5, Sec. 1—The business of this corporation shall be conducted by a president, a vice-president, secretary and treasurer, and a board of six directors. The number of directors may be incresed or diminished by the by-laws. The directors shall be elected by the stock holders at each annual meeting. All other officers and agents of this corporation shall be elected annually by the directors. The annual meeting of this corporation shall be held on the first Tuesday after the 15th day of June of each year at the office of the company. The incorporators and stock holders shall meet at the office of the company in Tyler, Fla., on the 18th day of June, 1907, for the purpose of adopting by-laws, completing the organization of this corporation, electing officers for the ensuing year and transacting any business which may come before such meeting. Until the officers elected at the first annual meeting shall be qualified the business of this corporation shall be conducted by the following officers: S. D. Rice, president; L. G. Connell, vice-president; L. E. Tucker, secretary; R. S. Hudson, treasurer, and S. D. Rice, L. G. Connell, L. E. Tucker, R. S. Hudson, J. A. Beach, J. D. Turner as directors.

Section 2—The election of directors shall be by ballot, each stock holder being entitled to one vote for each share of stock owned by him.

Section 3—The directors shall procure a seal to be known as the corporate seal which will be circular in form, and bearing the words "Alachua Trading and Improvement Company" Seal 1907.

ARTICLE 6—The highest amount of indeptedness or liability to which this corporation can at any time subject itself shall be ($75,000) Seventy-five thousand dollars.

ARTICLE 7—The following persons are subscribers to this charter, and have each subscribed to and for the amount and number of shares set opposite their names:

S. D. Rice of Tyler, Fla., fifty (50) shares.

L. G. Connell of Tyler, Fla., fifty (50) shares.

J. D. Turner of Tyler, Fla., fifty (50) shares.

L. E. Tucker of Tyler, Fla., one (1) share.

R. S. Hudson of Tyler Fla., one (1) share.

J. A. Beach of Tyler, Fla., one (1) share.

The foregoing articles of incorporation are this day approved and adopted as a proposed charter of the corporation to be known as Alachua Trading and Improvement Company, at a meeting of the subscribers held at Tyler, Fla., for that purpose.

In witness whereof we have hereunto set our hands and seals this 23rd day of April, 1907.

STEVE POSTELL DIES.

Well Known Atlanta Newspaper Man Passed Away Monday.

Atlanta, April 24.—Steve Postell, the widely known newspaper man, died Monday evening at 6 o'clock at his residence, 62 Martin street, after an illness painful and at times almost agonizing, covering a period of seven months.

During the early part of October last a sore appeared upon Mr. Postell's tongue which bothered him very much and would not heal. A few weeks later he consulted Dr. Knott, who, after a careful and minute examination, advised Mr. Postell that a cancer was eating away that member.

For months Mr. Postell continued his daily work as correspondent for the Macon Telegraph, refusing to take a rest. Gradually, but somewhat rapidly, the cancer developed and enlarged until a few months ago Mr. Postell's speech became greatly impaired.

He gradually grew worse, until death relieved him of his sufferings Monday evening.

INSURANCE COMPANY MUST PAY

Suicide of Insured Person Doesn't Invalidate Policy.

Washington, April 24.—In deciding the case of Amanda S. Whitfield, of Kansas City, Mo., versus the Aetna Life Insurance company, of Hartford, Conn., the supreme court of the United States has construed the Missouri state law providing that the suicide of an insured person shall not constitute a valid defense in resisting payment on the policy against the company.

The opinion was delivered by Justice Harland and reversed the decision of the circuit court of appeals for the eighth circuit court, which decision was in favor of the company. The policy involved was for $5,000 on the life of James Whitfield, husband of the plaintiff in this case, and was taken out in 1900, about eight months before his death by suicide. There was a clause exempting the company from paying more than $500 in case of suicide.

It positively cured me of rheumatism after others had failed." Sold by W. M. Johnson.

Head Blown Off by Shotgun.

Chattanooga, Tenn., April 24.—Walter Kirkpatrick, owner of the gasoline boat, City of South Pittsburg, shot and killed on that boat Tuesday morning at the levee, Wiley Maynard. The weapon used was a shotgun, and Maynard's head was blown nearly off. Kirkpatrick alleges self-defense.

DOCTORS MISTAKES

Are said often to be buried six feet under ground. But many times women call on their family physicians, suffering, as they imagine, one from dyspepsia, another from heart disease, another from liver or kidney disease, another from nervous prostration, another with pain here and there, and in this way they present alike to themselves and their easy-going or overbusy doctor, separate diseases, for which he, assuming them to be such, prescribes his pills and potions. In reality, they are all only *symptoms* caused by some uterine disease. The physician, ignorant of the *cause* of suffering, keeps up his treatment until large bills are made. The suffering patient gets no better by reason of the wrong treatment, but probably worse. A proper medicine like Dr. Pierce's Favorite Prescription, *directed to the cause* would have entirely removed the disease, thereby dispelling all those distressing symptoms, and instituting comfort instead of prolonged misery. It has been well said, that "a disease known is half cured."

Dr. Pierce's Favorite Prescription is a scientific medicine, carefully devised by an experienced and skillful physician, and adapted to woman's delicate system. It is made of native American medicinal roots and is perfectly harmless in its effects in any condition of the female system.

As a powerful invigorating tonic "Favorite Prescription" imparts strength to the whole system and to the organs distinctly feminine in particular. For overworked, "worn-out," run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," house-keepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequaled as an appetizing cordial and restorative tonic.

As a soothing and strengthening nervine "Favorite Prescription" is unequaled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, St. Vitus's dance, and other distressing, nervous symptoms commonly attendant upon functional and organic disease of the uterus. It induces refreshing sleep and relieves mental anxiety and despondency.

Dr. Pierce's Pleasant Pellets invigorate the stomach, liver and bowels. One to three a dose. Easy to take as candy.

WATCHED LEG CUT OFF.

Man Cracked Jokes as Surgeons Amputated Limb.

New York, April 23.—While two surgeons were cutting off his leg in Flower hospital, Sunday, Edward McCabe, in full possession of his faculties, watched the operation and occasionally cracked a joke with the men who were wielding the knife. He felt no pain, whatever. This is because the physicians pursued a most unusual method of operation.

McCabe was struck by a Third avenue car Saturday and suffered a compound fracture of the leg. At the hospital it was found an amputation would be necessary. It was decided that McCabe's heart action was too weak to administer drugs, and it was decided to apply a hypodermic injection of cocaine to the spinal column. This produces what is known as spinal anaethea of the lower extremities, depriving the patient of all sensation there. McCabe has a fair chance of recovering.

FIRE IN FRENCH ARSENAL.

Damage of Many Millions of Francs at Toulon, France.

Toulon, France, April 24.—A fire which broke out at the arsenal here shortly after midnight, assumed alarming proportions. Immense quantities of stores were burned and damage amounting to many millions of francs was done.

The wall of a storehouse fell in, burying twenty men, ten of whom were severely injured. Two or three persons are believed to have been killed.

Large bodies of soldiers and sailors engaged in fighting the flames all throughout Monday night.

Many Horses Perish in Fire.

New York, April 24.—The Dispatch stables at No. 130 to 142 Barrow street, were burned early Tuesday. There were 130 horses in the building, and all of these excepting a dozen, which were rescued by stable hands, perished. Loss is estimated at $50,000. During the fire a report become current that three stable men had lost their lives, but the firemen said later that this was untrue, and that all the employes had escaped.

First to Make Steel Rails

New York, April 22—Thomas Venners, who was prominent in iron business for many years, and at one time was associated with Henry Bessemer, is dead, at his home in Brooklyn. He was 84 years old. He was the first man to manufacture steel rails in the United States.

Why

Have a torpid liver when Herbine, the only liver regulator, will help you? There is no reason why you should suffer from dyspepsia, constipation, chills and fever, or any liver complaints, when Herbine will cure you. F. C. Waite, Westville, Fla., writes: "I was sick for a month with chills and fever, and after taking two bottles of Herbine am well and healthy." Sold by W. M. Johnson.

PISTOLS DRAWN ON STRIKERS.

Several Hundred Persons in Riot in City of New York.

New York, April 24.—Striking cloak-makers at the establishment of Oscar Margolin & Son, on Lispenard street, assaulted the senior member of the firm, created a riot in which several hundred persons participated and finally were dispersed by the police.

Four of the strikers were arrested. Harry Silverstein, the alleged leader of the outbreak, was held in $1,000 bail for the grand jury on the charge of felonious assault. The others, Barnett Remenskoff, Abraham Lish and Copeland Schuman, were released on payment of fines of $10 each.

A dozen policemen were called to the scene before the riot was quelled. The police used their clubs freely and finally, with drawn revolvers, succeeded in arresting the quartet of leaders.

More Indictments Found.

Mobile, Ala., April 24.—Eight more indictments have been found by the United States grand jury investigating the operations of the Honduras National Lottery company. Those indicted will be divulged on Wednesday, according to United States District Attorney Armbrecht, at which time the jury will have concluded its investigations in this city. The Wilmington grand jury, to be empaneled immediately, is to take up the ticket end of the violations, all persons indicted here being subject to re-indictment by the Wilmington grand jury.

An Old Time Alderman.

Several patrons of the restaurant at Broadway and Tenth street were lunching there a few days ago, seated at a table between the corner windows on the second floor which commanded a fine view down Broadway, which makes a sharp turn at Tenth street. Said one of them: "Do you know that this bend in Broadway was made in order to save a tree? Well, it was. As originally planned, Broadway would have cut a slice off the lawn of Hendrik Brevoort, who ran a tavern in the Dutch farmhouse which stood where Grace church now is. He was an alderman, like many of his profession today, and not only succeeded in saving the magnificent tree in the shade of which his customers lingered over their pipes to watch the traffic on Bloomingdale road, but about 1849 also prevented the opening of Eleventh street from Fourth avenue to Broadway, which would have necessitated the tearing down of his tavern."—New York Sun.

The Madrigal.

The word madrigal sounds very formidable to a beginner in music. More than once have I heard the question, "What is a madrigal?" Strictly speaking, a madrigal is an elaborate vocal composition in from three to six parts, generally sung in chorus. The melody should not be carried through a single part, but should be dispersed in phrases through the different voices in the conversational manner peculiar to the music of the sixteenth and seventeenth centuries. The true madrigal has no accompaniment. This form of song is considered English, but is thought to have had its origin in the Netherlands. The exact derivation of the word is not known. The first madrigals are believed to have been morning songs, shepherds' lays or songs in praise of the Virgin.—Circle Magazine.

BIG NAVAL DISPLAY IN HAMPTON ROADS

Three Hundred Thousand Tons of Floating Steel.

FIGHTERS OF AMERICAN NAVY

They Assemble in the Roadstead to Welcome Foreign Warships and Take Part in the Celebrations Marking the Jamestown Exposition.

Norfolk, Va., April 24.—The greatest fleet of American vessels ever assembled in the history of the waters of Hampton Roads—300,000 tons of floating steel—was made ready Tuesday to receive the first of the visiting foreign battleships and cruisers which are from time to time to take part in the celebrations which will mark the progress of the Jamestown ter-Centennial exposition. For the opening of the exposition—Friday, the 26th—the war vessels of Great Britain, Germany and Austria are expected. One of the visiting Germans—the dark hulled cruiser Bremen, commanded by Lieutenant Commander Alberts—is already in the roadstead, awaiting the arrival of the Roon, a big armored cruiser.

All the American vessels now at anchor belong to the Atlantic fleet. There are probably 25 battleships and cruisers in the far-flung line, which is headed by the Connecticut just off the government pier at Fortress Monroe, and which trails away almost to the vanishing point up the broad channelway leading to Norfolk.

The fleet has been arranged so as to give the visitors to the exposition the best possible opportunity for viewing the fighting strength of the American navy.

The ghstening white hulls, spotless in their new coats of paint and the buff superstructure of the two and three-piped line of battleships and armored and protected cruisers, form a marine panorama as viewed from the water front esplanade of the exposition grounds, such as has seldom if ever before been presented to the American public. The vessels are anchored several thousand yards off the exposition shore and being arranged in a huge semi-circle, are visible from every part of the grounds. Practically every type of fighting craft in the American navy is represented in the positions. Battleships range fro mthe 16,000 monsters of the Connecticut and Louisiana class—the forerunners of the Dreadnaught's about to be added to the navy—down to the all but abandoned old Texas, the oldest American battleship and sister of the Maine, which was wrecked in Havana harbor. The Texas was built at the Norfolk navy yard, many years ago and being a local product, is to remain at the exposition as a permanent feature of the naval exhibit. With her eight guns and her paltry 6,316 tons of weight, the Texas when ranged alongside the mammoth Connecticut, which mounts twenty-four guns and displaces 19,000 tons of water, offers a striking example of the progress of the American navy since the days of 1896, when the Texas and the first Maine were authorized by congress.

All Modern Craft.

The cruisers of the fleet are all modern craft, though the variance in size between the largest and smallest, are as great as that which marks the heavier vessels of the battleship class. The armored cruiser Tennessee and Washington, each of 14,500 tons and mounting 20 guns apiece, are the heaviest of the cruisers. They can hurl a weight of metal almost equal to the first-class battleships, while at the same time they possess the fleetness of the ocean greyhound—the massive, throbbing engines in their holds being capable of the displacement of 20,000 horsepower. The smallest cruisers are the Denver and Cleveland—3,100 tons each—the third class of the protected class. In the cruiser class, the most interesting vessels are perhaps the Brooklyn, the flagship of Rear Admiral Schley in the battle with Cervera's squadron off Santiago, Cuba. The Brooklyn, bearing on her after turret the memorial plate simply and eloquently inscribed, "July 3, 1908," will also remain a permanent naval exhibit during the seven months of the life of the exposition.

The English squadron, under command of Rear Admiral Neville, is expected in Hampton Roads Thursday.

Roosevelt to Review Fleet.

President Roosevelt will review the gathered American fleet and the visiting foreigners from the bridge of the Mayflower on Friday morning before he lands on the exposition grounds.

Fifteen hundred bluejackets will be landed from the American vessels to take part in the military and naval parade Friday afternoon, which will be reviewed by the president from the grand stand erected on the exposition's plaza known as "Lee's parade."

JONESVILLE JOTTINGS.

R. F. D. Established—A Delightful Surprise Party—Other Notes.

Jonesville, April 24.—J. W. Miller of this place attended church at Newberry Sunday.

Our R. F. D. from Newberry began last Tuesday morning. This is a great help to farmers of this section. W. D. Holder, formerly of Tioga, is our worthy deliveryman. Mr. Holder is boarding with his sister, Mrs. L. R. Pickett, until he can get a house in Newberry.

Miss Irene Miller visited Mrs. T. R. Pickett a few days last week. She reports a most enjoyable time.

Miss Pearl Vickers of Kathleen; who is visiting her sister, Mrs. Lim Guthrie of Duluth, spent Friday night with Misses Estella and Irene Miller.

Mrs. James Holt of Newberry is visiting her parents, Mr. and Mrs. W. W. Spires, for a few days. Mrs. Holt has just returned from an extended visit to friends and relatives at Miami. Her health is greatly improved, to the delight of her numerous friends.

Mrs. Jno. Deacon of Lakeland is visiting her parents, Mr. and Mrs. J. J. Jones.

The friends of J. W. Miller and sisters, Misses Estella and Irene, tendered to them a "surprise" party on last Friday night, which was greatly enjoyed by all present, which were Misses Lizzie and Cena Hamilton, Clem Pickett, Pearl Vickers, Neill Johnson and Miss Minnie Lee of Newberry; Messrs. W. G. Chapman, Lonnie Studstill, Lucious Johnson, John Hamilton, Garvin Pickett and Mr. Livingston, brother of Deputy Sheriff G. W. Livingston of Newberry. The evening was passed in delightful music and parlor games. At a late hour the guests departed, having spent a most enjoyable evening.

The News From Newberry.

Newberry, April 24.—I. F. Lamb of Worthington Springs is here registered at the Commercial.

Miss Gussie Gilbert of Lake City is here visiting her sister, Mrs. Lillie Kitchens.

Mr. and Mrs. C. H. Richardson and children, who have been visiting Mrs. Wetherington, left Monday for their home in Cedar Key.

Misses Sallie Garland and Atlanta Studstill have returned home from Bronson, where they visited friends last week.

Don Livingston of Trenton is here, guest of his brother, George Livingston.

We are sorry to report Mrs. Will Smith is quite sick this week. Her friends hope to see her out soon.

Bud Garland spent Sunday in High Springs, visiting friends.

Miss Vida Hunter, who has been sick the past week, is able to be out again.

Dr. and Mrs. J. T. Ruff spent last week in Tampa.

Mr. and Mrs. Will Summers of High Springs are here visiting Mrs. Guy.

Miss Olive Wright of Alachua came over last week to visit friends and her sister, Mrs. Hodges.

GOVERNOR'S VETO HAD NO EFFECT

Trammell's Bill of 1905 Carried Successfully at This Session.

WANTED BIENNIAL REPORTS

Bill Was Vetoed by Governor, but Agani Successfully Passed by Senate at the Present Session—Other Notes of Interest at State Capitol.

The Senate was called to order at 10 o'clock Tuesday morning, President Harris in the chair.

The president announced several invitations, including one from the Ladies' Memorial Association of Tallahassee to attend their exercises on Merorial day, Friday, April 26, at 5 p. m.

The following were among the new bills introduced:

By Mr. Harris—Providing for traveling and other expenses of the judges of the circuit courts of the State.

By Mr. Hudson—Appropriating $100,000 for additional wings to capitol building and other alterations. Proposed wings on east and west side and is said to be in line with the views of the Governor and cabinet officers.

By Mr. Hudson—To provide that temporary administrators of small estates may fully administer and settle the same.

Bills on Third Reading.

The regular order was waived and the Senate proceeded to the consideration of bills on their third reading.

By Mr. Adams—A bill to be entitled an act to amend Sections 3, 13 and 14 of an Act entitled an Act to provide for the inspection and analysis of, and to regulate the sale of commercial feeding stuffs in this State; to prohibit the sale of fraudulent or adulterated commercial feeding stuffs; to define the term commercial feeding stuffs, to provide guarantees of the ingredients of commercial feeding stuffs, for the fixing of labels and stamps to the packages thereof, as evidence of the guarantee and inspection thereof; to provide for the collection of an inspection fee from the manufacturers of commercial feeding stuffs, to fix penalties for the violation of the provisions of this act, to authorize the appointment of additionl assistant State chemist, an inspector of commercial feeding stuffs; to appropriate the necessary funds to enforce the provisions of this act, and to repeal all laws and parts of laws in conflict with this act; was read in full the third time and passed on roll call by vote of 17 to 9.

By Mr. McCreary—To amend Section 344, of general statutes, increasing pay of members of county school boards to $3.00 a day, was read in full the third time and passed on roll call by vote of 25 to 0.

Messages and Reports.

Messages from the House of Representatives were received, read and House bills referred to proper Senate committee. On motion of Senator Adams the rules were waived and the Dorman House bill No. 283, validating an insurance of $200,000 of bonds by the city of Live Oak, was read the second time by title, the third time in full and passed, 22 to 0.

The report of the committee on State affairs, Senator Neel, chairman, to whom was referred Senate bill No. 228, of the session of 1905, relative to detailed biennial reports by State officers together with the veto of the Governor on this measure, was read in full, together with the bill and the Governor's message accompanying the same. The committee recommended that the Governor's veto be sustained. The president then put the question: Shall the bill pass? the veto of the Governor notwithstanding? Senator Trammell took the floor and stated that he was the author of this bill, and introduced it last session, and that it passed the Senate almost unanimously, and the House absolutely unanimously, and that he thought then the bill was a good one, and he thought so now, and believed this information should be given the people. Senator Adams agreed with the Senator from the Seventh. On roll call there were 22 affirmative votes and only two in the negative, and the chair announced that the bill had received the necessary two-thirds vote required by the constitution, and that the bill had passed the Senate, the veto of the Governor notwithstanding. The action of the Senate was ordered immediately certified to the House.

A message was received from the Governor officially informing the Senate of his approval of certain bills previously needed as having passed to the houses. These bills were fire insurance and all local except the one relative to the number of grand jurors. The Senate then reverted to bills on third reading.

IN THE HOUSE.

The House was called to order at 9 a. m., Speaker Matthews in the chair.

After prayer by the chaplain, the correction of the journal followed.

Invitation from Andrew Jackson Chapter to attend memorial exercises at City cemetery next Friday at 5 p. m. Motion of Mr. Watson that invitation be accepted by rising vote, and House attend in a body. Carried unanimously.

By Mr. McKenzie of Putnam—Against closed sessions of the internal improvement investigating committee, and instructing the committee to hold only open sessions, and condemning executive sessions as contrary to the spirit of Democratic government. Went over under the rules.

New Bills.

Following were among the new bills introduced:

By Mr. Peeples of Bradford, requiring teachers' summer training schools and making appropriations therefor of $4,000 a year for the next two years, at the University of Florida and the Florida Female College sites for white teachers and the location of the colored normal school for colored teachers, provided impartially for teachers for both races. Mr. Matthews of Marion opposed the bill. He believed in competent teachers, but the State does not make appropriations for any other profession, and opposed the maintenance of normal schools as special legislation. Mr. Wilson of Hernando moved that 200 copies be printed and bill be made a special order for Thursday at 11 a. m.; carried.

By Mr. Thompson of Jefferson, relating to the turning in of stock where parties are farming under one fence, an amendment to Section 3425 of the general statutes of Florida. The bill was passed by a vote of yeas 52, nays 0.

By Mr. Dudley of Hillsboro, making compensation of members of county school boards $4 per day, when in service, and ten cents a mile to and from the court house by the nearest and most practicable route. Yeas 44, nays 5. Those voting no were Messrs. Matthews and Wartmann of Marion, Reed and Williams of Jackson, and Wilson of Lee.

Honor to Miss McCreary.

The friends of Miss Irene McCreary in this city and elsewhere are pleased at the honor which has been bestowed upon her in her selection by the president of the Martha Reid Chapter, U. D. C., as one of the heralds at the State convention of the United Daughters of the Confederacy, to be held in Jacksonville.

Miss McCreary is now visiting her friend, Miss Margaret Jackson, in Paragould, Arkansas, but will no doubt return in time to accept the honor ad act.

The Spring Carnival.

The spring carnival, which was given under he auspices of the ladies of the Episcopal church, was held on the lawn of Hon W. W. Hampton last afternoon and evening, and was a great success. There was also a baby show connected with the carnival and prizes were awarded. A full notice of this function will appear in The Sun of tomorrow.

BIG LUMBER PLANT DESTROYED BY FIRE

Entails Loss of Between $300,000 and $400,000.

ONE OF THE LARGEST IN WORLD

Fire Originated in a Hot Box and Was Beyond Control When Discovered. Many Hundred Employees Had To Flee for Their Lives.

Seattle, Wash., April 24.—Fire, which started Monday night in the planer room of the Port Blakely company's mill at Port Blakely, destroyed the entire plant, the largest lumber manufacturing establishment on the coast, and one of the largest in the world, entailing a loss of between $300,000 and $500,000. Of this, 70 per cent is covered by insurance, and the management of the mill announce they will rebuild immediately.

The fire originated in a hot box, and when discovered was beyond control.

The three hundred employees were compelled to flee for their lives.

STRIKERS BESIEGE PARLIAMENT

Thousands of British Laborers from Woolwich March to House.

London, April 24.—The cry of unemployed was raised in London again Monday night, when several thousand skilled workmen, who had been discharged from the Woolwich arsenal, as the outcome of Secretary Haldane's scheme of reducing military expenses, marched with band and banners the long distance from Woolwich to the house of commons to impress their grievances upon the government.

The complaints of the men are far-reaching, representing not only loss of employment, but the wiping out their savings invested in little properties located in the historical and heretofore prosperous town of Woolwich.

Some of the discharged men had been employed in the arsenal at Woolwich for not less than thirty years. A number of printers and other men laborers and citizens, joined in the procession, which was further augmented by a strong body of workers from the army clothing factory at Pimlico.

The entire eight miles of march was thickly lined with spectators. The procession, which was perfectly orderly, was halted at St. George Circle, one mile from the house of parliament, and from where a deputation of picked men proceeded to the house of commons to lay the grievances of themselves and their comrades before Premier Campbell-Bannerman.

HAS MYSTERIOUSLY LEFT.

G. C. Coleman, Recently Located Here, Disappeared Without Cause.

G. C. Coleman, who arrived in this city a few weeks ago and opened a curio store and watch repair shop on West Main street, has mysteriously disappeared, and for several days nothing has been heard of him, although he left a quantity of goods in his store.

Mr. Coleman created a good impression among those who met him here, and there is no reason why he should have so mysteriously disappeared, leaving the goods behind him, as he was in apparently no financial straights or troubles. He appears to have settled all his obligations promptly, and so far it has been impossible to find anyone to whom he was indebted when he left the city. His disappearance under the circumstances is indeed mysterious, and it is hoped that he has only gone away temporarily, and will soon put in his appearance again.

THE COMMENCEMENT AT HIGH SCHOOL

Will be Held on the Evening of Friday, May 24th.

ELABORATE PREPARATIONS

Will be Made, and the Program Will be One of the Best Ever Seen in Gainesville—Only One Graduate of Senior Grade, Miss Lewis.

(By The Sun's Special Correspondent.)

The Gainesville (Senior) High School will hold its first regular annual commencement this year, on Friday evening, May 24th.

There will be but one graduate, Miss Maud Lewis. An elaborate and entertaining program has been prepared, in which all the classes of the high school will be represented.

The representatives of the various classes are busily engaged in preparing to make the best possible showing for their respective classes. Each class will be represented by two orators and two essayists; the subjects are Great Heroes and Heroines. A medal will be given for the best oration and also for the best essay, to be decided by competent judges.

On Friday, May 17, at 8 p. m., the Juniors will give a reception at the residence of the principal to the graduating class, and faculty of the high school department, the school officials and a few invited friends.

The commencement sermon will be preached Sunday morning, May 19, by Rev. F. H. Craighill, Holy Trinity Church.

The impression is abroad that at the commencement exercises only the graduate will be allowed to receive flowers. Mr. McBeath asks The Sun to correct this, and to say that every pupil who has a part in the program may receive them—as many as their friends desire to give them. This is right, and we hope the pretty custom will never die out. Commencement without flowers wouldn't be a commencement at all.

We have been furnished with a copy of the High School song, which goes to the stirring tune of "Auld Lang Syne," and publish it for the benefit of our readers. We venture those high school girls and boys can make it ring.

The Purple and The White.

Our alma mater sits enthroned
Above the hurrying town;
The changeful years will never dim
The glory of her crown;
She keeps the white without a stain,
The purple queenly still,
While countless hearts look up to her—
The high school on the hill.

A constant throng with backward gaze,
Pass out the well known door;
The world lets some return again,
But many nevermore.
Yet though the path wind far from her,
Their feet can never stray;
Their alma mater guides them still—
A thousand miles away.

Each year new voices swell her praise,
Some well known face is gon;
Death calls us to him one by one,
But still the song goes on.
As long as Gainesville still shall keep
Her watch-fires burning bright,
Shall Gainesville's sons and daughters sing—
The purple and the white.

Guaranteed Stomach Remedy.

You many ask why J. W. McCollum is able to guarantee to refund the money unless Mi-o-na Stomach Tablets cure when no other remedy for stomach troubles is sold in this manner.

If the stomach is only given a rest by using a digestive, the muscles soon become weak, and it is necessary to continue taking a digestive tablet after every meal. On the other hand, Mi-o-na used before eating strengthens the stomach so that you will soon be well enough to give up the use of medicine.

Mi-o-na costs but 50c box, and makes positive and complete cures. The best proof of its merits is the guarantee to refund the money if it does not cure that J. W. McCollum gives with every box.

DEATH OF AGED CITIZEN.

J. R. W. Grissome, a Pioneer Resident, Passed Away at Home of Son.

From Tuesday's Daily Sun.

J. R. W., Grissome, eighty-six years of age, died at the home of his son, W. F. Grissome, Rochelle, Sunday night, after a feebleness covering a period of several months.

Deceased was a pioneer citizen, one of the oldest citizens of Gainesville, coming here from his native State, North Carolina, in the early sixties. He enjoyed the distinction of constructing the first court house ever erected in Gainesville, when the county seat was transferred from Newnansville to this city. He has often related, with a great deal of interest, of the days when blackjacks grew where the stately courthouse now stands, and of the exciting deer chases he had experienced in the early days through the dense hammocks and woods where our fine business blocks and residences now stand. Indeed, Mr. Grissome was an interesting character, a picturesque representation of the citizen of pioneer days, and one of the very few left who assisted so materially in the early development of Gainesville. He was a man loved for his charitable kindness, and the whole city will mourn his death.

Deceased was probably the oldest member of Gainesville Lodge No. 41, F. & A. M., being one of the charter members of the lodge. As a Mason he was very active until his advanced age prevented his regular atttendance.

In September of last year deceased was grief-stricken over the death of his wife, who was a Miss Zetrouer, since which time he has been rapidly failing. He is survived by only one son, at the home of whom he breathed his last and to whom the sympathy of the community is extended.

The remains were shipped to Gastonia, N. C., the former home of the deceased, where the funeral will be held and interment made.

The following Masons of this city went to Rochelle upon information of the death of Mr. Grissome: Col. I. E. Webster, Geo. S. Merchant, Turner Pound, Joe Manssee, D. M. Tomkies, Robt. McClellan.

A Poor Organ.

Dam(s) the bile. That's what your liver does if it's torpid. Then the bile overflows into the blood—poisons your system, causing sick headache, biliousness, sallow skin, coated tongue, sick stomach, dizziness, fainting spells, etc. Ramon's treatment of Liver Pills and Tonic Pellets strengthens the liver and makes it do its own work. Prevents and cures these troubles. It aids—doesn't force. Entire treatment 25c. J. W. McCollum & Co. and W. M. Johnson, Gainesville.

Gainesville and Alachua County Hospital Association.

A special meeting of the Gainesville and Alachua County Hospital Association is called for Tuesday, April 30th, 1907, at the office of W. W. Hampton, at 8 p. m. This meeting is called for the purpose of electing a president, and chairman of the board of trustees, and of the executive committee of said Association. A full attendance of the members is requested.

Good Judgment

Is the essential characteristic of men and women. Invaluable to good business men and necessary to housewives. A woman shows good judgment when she buys White's Cream Vermifuge for her baby—the best worm medicine ever offered to mothers. Many, indeed, are the sensible mothers who write, expressing their gratitude for the good health of their children, which they owe to the use of White's Cream Vermifuge. Sold by W. M. Johnson.

FROM WORTHINGTON SPRINGS.

Recent Rains Have Come as a Blessing—Personal and Social Notes.

Worthington Springs, April 22.—The recent rains in this neighborhood have done a wonderful lot of good. The farmers are all smiles again.

John C. Harper passed through Worthington Sunday from Fort Myers, on his way home in Norfolk, Va., making an average of twenty miles per day with his team of horses. He hopes to be at home by July 4th.

Guests of Hotel Worthington are enjoying the fishing in Santa Fe river now. They are biting fine. D. C. Warner says he had to get behind a tree to bait his hook.

D. C. Warner of Gainesville, representing Beck & Gregg Hardware Co., of Atlanta, Ga., is a guest of Hotel Worthington.

Mr. and Mrs. C. W. Nelson of St. Louis, Mo., are at Hotel Worthington enjoying the sulphur baths for a few days.

Mrs. J. H. Alderman of Gainesville is registered at Hotel Worthington.

Dr. Alderman and Lieutenant Ball of Gainesville spent Sunday at Worthington Springs.

Miss Nellie Petty of Danville, Ga., is visiting the family of Mr. and Mrs. I. F. Lamb.

A public dance will be given at Hotel Worthington on Friday night, May 3. Everybody invited. First-class music for the occasion.

Mrs. I. F. Lamb and Miss Nellie Pettey visited the family of Dr. Tomlinson in Lake Butler, Sunday.

Catarrh and Catarrhal Headaches

are quickly relieved by Nosena. It soothes the congested membranes, allays inflammations and thoroughly heals and cleanses. It keeps moist all the passages whose tendency is to thicken and become dry. Cures colds, throat troubles, hoarseness, hay fever, "stopped up" nose, breathing through mouth while sleeping, offensive breath, etc. It is antiseptic and contains no chemicals or drugs having a narcotic effect, or that can cause the "drug habit."

WE GUARANTEE SATISFACTION.

J. A. Brogdon, of the National Sign Co., Dayton, Ohio, writes under date of Oct. 12, 1906: "Nosena is the only preparation I have ever used that relieves my affliction so speedily and pleasantly. I am getting the first real pleasure out of breathing that I have experienced since I contracted catarrh six years ago. Money would not buy my tube of Nosena if I could not get another."

Buy Nosena from J. W. McCollum & Co. and W. M. Johnson, Gainesville; get your money back if not satisfied. Sample tube and booklet by mail 10c.

Mr. McHugh is Pleased.

Martin McHugh of Jacksonville, who has been here for the past eight weeks associated with the street paving work, expresses himself as well pleased with Gainesville and its people.

"I have been around considerable in this country," remarked Mr. McHugh, who is a native of Ireland. "I have visited various sections of the United States, but I can say with impunity that I have never seen a community so favored from every standpoint as Gainesville and vicinity, and I have no regrets to make for coming here."

Mr. McHugh expects to remain here for several months.

THE CHANGE OF LIFE
Sensible Advice to Women from Mrs. Henry Lee Mrs. Fred Certia and Mrs. Pinkham.

MRS HENRY LEE MRS. FRED CERTIA
Owing to modern methods of living not one woman in a thousand approaches this perfectly natural change without experiencing a train of very annoying and sometimes painful symptoms.
This is the most critical period of her whole existence and every woman who neglects the care of her health at this time invites disease and pain.
When her system is in a deranged condition or she is predisposed to apoplexy or congestion of any organ, the tendency is at this period likely to become active and with a host of nervous irritations make life a burden. At this time also cancers and tumors are more liable to form and begin their destructive work.
Such warning symptoms as sense of suffocation, hot flashes, headaches, backaches, melancholia, dread of impending evil, palpitation of the heart, irregularities, constipation and dizziness are promptly heeded by intelligent women who are approaching the period of life when this great change may be expected.
Mrs. Fred Certia, 1014 So. Lafayette Street, So. Bend, Ind., writes:
Dear Mrs. Pinkham:—
"Lydia E. Pinkham's Vegetable Compound is the ideal medicine for women who are passing through Change of Life. For several months I suffered from hot flashes, extreme nervousness, headache and sleeplessness. I had no appetite and could not sleep. I had made up my mind there was no help for me until I began to use Lydia E. Pinkham's Vegetable Compound, my bad symptoms ceased, and it brought me safely through the danger period, built up my system and I am in excellent health. I consider Lydia E. Pinkham's Vegetable Compound unsurpassed for women during this trying period of life."
Mrs. Henry Lee, 60 Winter Street, New Haven, Conn., writes:
Dear Mrs. Pinkham:—
"After suffering untold misery for three years during Change of Life I heard of Lydia E. Pinkham's Vegetable Compound. I wrote you of my condition, and began to take Lydia E. Pinkham's Vegetable Compound and followed your advice, and to-day I am well and happy. I can now walk anywhere and work as well as anyone, and for years previous I had tried but could not get around without help. I consider your medicine a sovereign balm for suffering women."
Women passing through this critical period should rely upon Lydia E. Pinkham's Vegetable Compound. If there is anything about your case you don't understand write to Mrs. Pinkham, Lynn, Mass., for advice. It is free and has guided thousands to health.
When a medicine has been successful in restoring to health, actually thousands of women, you cannot well say without trying it, "I do not believe it will help me." It is your duty to yourself and family to try Lydia E. Pinkham's Vegetable Compound.

INTERESTING CHAT OF MATTERS AND MEN AT THE STATE CAPITOL

(By L. J. Brumby.)

(Continued from Saturday's Letter.)

Tallahassee, April 20.—After sessions that broke the monotony of the usual Friday morning sessions, both houses of the Legislature reconvened until 3:30 p. m. Monday. A number of the members have gone home for Sunday, while the others will spend tomorrow in committee work, and in preparing measures for next week's sessions.

The measure amending the charter of the John B. Stetson University at DeLand was introduced in the Senate by Mr. Humphreys and in the House by Mr. Knight of Columbia, and referred to the proper committees. The bill was drawn up by a committee of representative Babtists of the State, appointed by the Florida Baptist Convention at Live Oak several months ago, Ex-Governor Jennings being among the number. The intention of the bill is to put the University under the control of the Florida Baptist Convention, which was the first sponsor of the institution, by making the trustees elective by the Convention for a period of from two to six years, instead of making the body a self-perpetuating one with life tenure of office for the members.

Senator West of the First and Representative Paul of Holmes introduced in their respective houses Kehoe sub-resolution proposing an amendment to the Constitution relative to census and apportionment, under which the limit of 100 would be done away with and each county entitled to a Senator and one Representative for each 15,000 population or fraction thereof amounting to 17,500. This would increase the Legislature as at present constituted by 41 Senators and 16 Representatives, making the total of 130 in both Houses. Under this proposed amendment under the last State census Hillsborough county would have in the Lower House four members, Duval the same number, Alachua and Escambia three, and Marion and Jackson, though with a smaller population, three also.

The Senate adopted the House resolution requesting the Governor to remove the sheriffs in dry counties who fail to enforce the local option laws.

By a unanimous vote the Senate sustained the veto messages from the Governor on measures without approval after the adjournment of the Legislature of 1905, the bills being respectively one extending the time for beginning work on the Pan-American railway, for and three franchises granted to the Manatee Light and Traction Company to operate street cars and electric lighting and power business in Manatee and Bradentown.

Both houses received messages from the Governor transmitting the report of the State Auditor upon several of the State departments, which were ordered spread on the journal.

A warm debate ensued in the Senate over President Harris' child-labor bill, Senator Humphreys occupying the chair temporarily. The committee on Organized Labor reported the bill favorably with amendments, one of which reduced the age limit from sixteen to fourteen, which were accepted. Senator Henderson moved to make it ten instead of fourteen, which was strongly opposed by Senator Harris and others. Senator Beard suggested a compromise that the bill should not apply to agricultural pursuits and household work, to relieve the situation in the Black Belt which would be created by making the limit as high as 16 years, and this was agreed to, though not unanimously. Senator McCreary offered a substitute that an amendment excepting apprentices in printing offices, but this was lost, as was an amendment by Senator Buckman, excepting children employed in delivering ice, fruit, bread and groceries. An amendment was then offered by Senator Henderson striking out the exception in favor of newsboys, which was adopted by a close vote.

In the House a resolution was received from the county superintendents' association in favor of a graduated scale for superintendents' salaries, based on the receipts for the school funds of the various counties, and ranging from $50 to $200 per month. Later resolutions were received stating the opposition of the convention to State uniformity of text books, approving with modifications the Humphreys bill on text books, endorsing the constitutional amendment proposed to allow counties and sub-districts to bond for school buildings and equipments, asking a law requiring county commissioners to levy the maximum school tax if asked by the school board, and covering several other features of less importance. No reference was made in the resolutions to compulsory education. The resolutions last referred to were ordered spread on the journal.

On motion of Mr. Matthews of Marion 500 copies of the Governor's message on State life insurance were ordered printed, and the gentleman from Marion made a speech indicating a very favorable interest in the proposition, which he said came from a brave mind.

THESE GREEKS WERE BAD.

Under Influence of Liquor, Were Put Off Train and Arrested.

From Tuesday's Daily Sun.

Monday afternoon, upon the arrival of the north-bound train on the Atlantic Coast Line, three Greeks, who boarded the train in Ocala in an intoxicated condition, were ejected by the conductor here, and in a very short time were placed under arrest by Marshal Arnow and Deputy Sheriff Walker, and placed in the city jail. It is said that they resisted arrest, and were very ugly in their manner for a while, until they were convinced that the officers were determined to do their duty.

Passengers on the train stated that the men, who held tickets from Crystal River for Jacksonville, were very boisterous, and that the efforts of the conductor and train crew to quiet them were useless.

The men will be given a hearing before the Mayor's court this morning, and will no doubt get all that's coming to them, to use the expression.

When the men were placed under arrest, one of them proceeded to pay his respects to Marshal Arnow in terms anything but complimentary. He didn't like the idea of being molested.

MURDRESS IN JAIL.

Negro Woman Who Killed a Boy at Grove Park Brought Here.

Deputy Sheriff L. E. Story of Windsor arrived in the city Friday with Ollie Ray, a colored woman who killed a fourteen-year-old boy at Grove Park a few days ago.

Officer Story arrested the woman but owing to the absence of a justice of the peace, brought her here without commitment trial. The commitment hearing will be had before Justice Colman on next Saturday, the 20th inst.

Officer Story states that the woman does not deny killing the boy, but says it was accidental. The weapon used was a shotgun, and a load of buckshot entered the head, causing instant death.

FIRST BAPTIST CHURCH.

Preaching by Rev. P. W. Corr—Eight Candidates for Baptism Sunday.

Rev. P. W. Corr of Jasper, one of the most pleasing and impressive speakers in the State, filled the pulpit of the First Baptist church in this city Sunday, both morning and evening, large congregations being present at both services.

At the conclusion of the sermon at the evening service, eight candidates presented themselves for the rites of Baptism, which was administered.

Dr. Corr, who is a member of the faculty of the Jasper Normal Institute, returned to his duties Monday morning.

Don't Put Off

For tomorrow what you can do today. If you put off buying a bottle of Ballard's Snow Liniment, when that pain comes you won't have any. Buy a bottle today. A positive cure for rheumatism, burns, cuts, sprains, contracted muscles, etc. T. S. Graham, Prairie Grove, Ark., writes: "I wish to thank you for the good results I received from Snow Liniment. It positively cured me of rheumatism after others had failed." Sold by W. M. Johnson.

TRANSFER OF CASES.

Wm. McDonald, Charged With Cruelty to Animals, Wanted Transfer.

When the case of the State vs. Wm. McDonald, colored, charged with cruelty to animals, was called in Justice Colman's court Monday morning, McDonald, through his attorney, made requests for transfer of the case to County Judge Mason's court, the grounds being that defendant did not believe he could get justice in the lower court. The request was granted, and the case will come up before Judge Mason within the next few days.

The charge is made by I. L. Malphurs, who alleges that McDonald shot a cow belonging to him recently.

Attorney Robt. E. Davis represented the defendant.

In the Justice court Tom Jackson was placed under a peace warrant in the sum of $100. The warrant was issued at the instigation of the wife of Moses Sherman, janitor at the court house, who testified that Jackson "dun flung er brick" at her.

DELIGHTFUL SOCIAL FUNCTION.

Misses Addie and Lovie Goode Entertian Miss Pound at Informal Dance.

One of the delightful social functions of the season was an informal hop tendered by Misses Addie and Lovie Goode to their friend, Miss Mae Pound of Jacksonville, who is here as their guest, on Monday evening.

This dance was given at the armory, and there were eighteen couples present. The program comprised eighteen numbers and four extras, making the evening a most enjoyable one.

During the evening delicious fruit punch was served, and it is needless to add enjoyed.

Miss Pound formerly resided here, and her numerous friends are under obligations to the Misses Goode for an opportunity to meet her again.

$100 Reward, $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

DISTRICT NO. 6 WANTS HARD ROADS

By Almost Unanimous Vote Sub-Road District is Created.

EXTENDS EIGHTEEN MILES

From East to West, With Proportionate Distance North and South—Five Mill Tax—People Mean Business and Will Push Rapidly as Possible.

There was an election in District No. 6, of which Newberry is the center, a few days ago. This election was held for the purpose of determining whether or not the district should be made a special sub-road district, and the people showed their energy by voting in favor of the movement almost unanimously. There were a large number of votes cast, only nine of which were against the creation of the district.

At the same time an election as to the millage to be assessed was held, and it was decided by the same vote to make the tax five mills.

This is a large district, extending from what is known as the Sam Tucker place on the east, to Tyler on the west, a distance of 18 miles, with a proportionate distance north and south.

The Sam Tucker place is only about seven miles west of Gainesville, being the western boundary of the Gainesville sub-road district. When the road in this district, now under course of construction, will have reached this point, and the people of the Newberry district will have built from that point to Tyler, this will afford a fine road from Gainesville to Tyler unbroken, about twenty-eight miles.

The people of Alachua county have the hard road fever, and they have it in the right spirit. New sub-road districts are being created annually, and if the present progress keeps up, it will not be many years before Alachua will have as many miles of good roads as any county in the State, in proportion to area.

IN SERIOUS CONDITION.

Miss Johnnie Dempier, of Hague. Seriously Burned, Still Suffers.

County Commissioner C. C. Pedrick of this city yesterday received from Hon. John G. Dampier, his colleague, information to the effect that one of his daughters, Miss Johnnie, who was seriously burned a few days ago, was suffering intense pain and that the condition of the patient was anything but encouraging.

It will be remembered that this young lady's clothing was ignited from a fire in the fireplace of her father's home a few days ago. When her predicament was discovered, an older sister was attracted to the scene, and in an endeavor to extinguish the flames she was badly burned. A smaller brother, however, realizing the situation, rushed to the assistance of the girls. He was also burned.

This lad and his elder sister, who also suffered a great deal, have recovered, but the younger girl is still suffering intensely. It is hoped there will be no serious results from this misfortune.

POPPELL—CAILE.

Two Popular Young People Will be United in Marriage Saturday.

The Sun has received information that there will be a wedding in Island Grove on Saturday, April 27, when Miss Jessie Lula Caile will be united in the holy bonds of matrimony to Joseph Clayton Popell.

The contracting parties are well known and popular in this city and section. Mr. Poppell was formerly a student of the East Florida Seminary, where he made many friends. The bride-elect is also quite popular here, having many friends in this city.

The Sun, with other friends, extend congratulations in advance.

Jolly Fishing Party.

A jolly fishing party from Gainesville hied themselves away to Colclough's pond yesterday, spending the day at that favorite resort.

The fish were not biting as well as they had anticipated, but those in the party knew how "things had been before" in this direction and had provided a sufficiency of corn meal, bacon, and other things which go to make up a dinner when the crowd don't catch the fish, with the result that they all had a good time and a good dinner, returning home in the afternoon.

One of the Important Duties of Physicians and the Well-Informed of the World

is to learn as to the relative standing and reliability of the leading manufacturers of medicinal agents, as the most eminent physicians are the most careful as to the uniform quality and perfect purity of remedies prescribed by them, and it is well known to physicians and the Well-Informed generally that the California Fig Syrup Co., by reason of its correct methods and perfect equipment and the ethical character of its product has attained to the high standing in scientific and commercial circles which is accorded to successful and reliable houses only, and, therefore, that the name of the Company has become a guarantee of the excellence of its remedy.

TRUTH AND QUALITY

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing, therefore we wish to call the attention of all who would enjoy good health, with its blessings, to the fact that it involves the question of right living with all the term implies. With proper knowledge of what is best each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to that end and the use of medicines dispensed with generally to great advantage, but as in many instances a simple, wholesome remedy may be invaluable if taken at the proper time, the California Fig Syrup Co. feels that it is alike important to present truthfully the subject and to supply the one perfect laxative remedy which has won the appoval of physicians and the world-wide acceptance of the Well-Informed because of the excellence of the combination, known to all, and the original method of manufacture, which is known to the California Fig Syrup Co. only.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best of natural laxatives, we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of Syrup of Figs—and to get its beneficial effects always note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package, whether you simply call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna—as—Syrup of Figs and Elixir of Senna—is the one laxative remedy manufactured by the California Fig Syrup Co. and the same heretofore known by the name—Syrup of Figs—which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States in original packages of one size only, the regular price of which is fifty cents per bottle.

Every bottle is sold under the general guarantee of the Company, filed with the Secretary of Agriculture, at Washington, D. C., that the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906.

GOVERNOR AND PRESS.

The Miami Evening Record, which has been a staunch supporter of the Stockton-Broward political faction, refers as follows to that part of the Governor's message condemning certain newspapers and asking the Legislature to "muzzle" them by the enactment of a law which would prohibit editors expressing honest opinions regarding men and measures with which they took issue. Says The Record:

"In his message to the Legislature the Governor recommended to that body that laws be passed making it a misdemeanor to circulate in print any false information upon any public question, or to print any malicious statement or falsehood about a candidate for office.

"This section of the message has given rise to considerable criticism of the Governor and that distinguished gentleman has replied in a letter which is published in today's Evening Record.

"It would appear that the Governor is too sensitive to attacks by newspapers.

"Every newspaper man who dares express an opinion contrary to that held by his brethren of the press knows what it is to be pilloried in public print, and soon learns to value adverse criticism at its true worth.

"Newspaper criticism of candidates and measures, even in the hottest of Florida campaigns, is mild and gentle to what was the custom of half century ago all over the country.

"The American people have learned that in full and free discussion by the newspapers of every phase of political life is safety, and they will submit to no laws that will curtail that freedom of the press to criticise and blame, even if the bounds of truth are sometimes overstepped. Exaggeration is at times better than no expression at all.

"To a layman the enforcement of the Governor's proposition would appear to be extremely difficult. How is it to be determined when information furnished to a newspaper is untrue? What shall constitute maliciousness, where a newspaper has no feeling against a candidate other than the desire to see an opponent elected?

"As an instance: During the last campaign on drainage the Governor himself appeared in print in a Key West paper over his own signature, informing the people of Monroe county that all the counties in the drainage district were in favor of the constitutional amendment.

"As it turned out, only one of the five counties in the district was in favor of the amendment.

"Would the Governor, under his proposed law, be amenable to punishment for a misdemeanor in circulating false information?

"The Governor will have to learn to take his medicine in allopathic doses, like the rest of us."

"The human race is getting thinner," says an authority. Another result of the "increased cost of living."

CHIPS FROM THE CAPITAL.

In point of consecutive service Senators Adams, Harris and McCreary are the oldest members of the Senate, though the former has been in the Senate four years longer than the two latter. Messrs Harris and McCreary served four years in the House prior to being promoted to the Senate. Senator Broome would have been the senior member of the Senate in point of consecutive service had it not been that he ran for Secretary of State four years ago instead of the Senate.

Senator Adams is without doubt the most ready debater in the Senate. He is equal to any emergency and is always prepared to meet any situation that confronts him.

Senator Buckman is always on the alert for any measure tending to attack the famous school law which bears his name, and Senator Adams always feels called upon to explain, when he favors a measure, that it in no way repeals the Buckman bill.

Senator Shep Clark is the "ladies' man" of the Senate, it being no uncommon thing to see him on the street in company with from four to six fascinating members of the fair sex.

Levy county has the distinction of having three members of the present Senate, for in addition to Senator Willis both Senators Cottrell and McCreary were reared in that county.

Senator Park Trammell of Polk has been nick-named by some of his colleagues as William Penn, owing to his peculiar resemblances to that great man.

Senator Crews may not be the handsomest man in the Senate, but no one can best him in debating any question in which he is interested. The sturdy old statesman from Bradford never permits an unfavorable committee report to subdue his ardor in pushing a bill through.

Senator Alford's moustache is greatly admired by every one. The genial Senator from the Fifth is the "heavyweight" of the Senate and no member is more universally popular than he.

Senator Hunt Harris' child-labor bill might be a good thing, but we do not need a bill to prevent "children of a tender age" from working in this community. It usually requires a leather strap or a switch to get many of them into activity.

POLITICAL ETHICS.

The Punta Gorda Herald says:

"According to Editor L'Engle's system of political ethics any man who is opposed to any or all of Governor Broward's policies is the heirling, agent or representative of 'the interests,' otherwise the trusts and corporations.

"The gist of the argument seems to be this: All of Governor Broward's policies are designed for the good of the people; those, therefore, who oppose them, are against the people.

"Now, let us apply this principle and see how it works. Editor L'Engle has repeatedly condemned the editor of The Times-Union, The Tampa Tribune and The Gainesville Sun because of their opposition to gubernatorial policies, and has branded them as the tools of the corporations. According to his view, whatever they advocate is for the benefit of 'the interests' and against the good of the people.

"Ergo, the McCreary bill for State uniformity, which was prepared and introduced by the editor of The Gainesville Sun and embraces the views of the Governor, is against the interests of the people and designed for the benefit of the American Book Company, which is trying to defeat it. Here we have quite a contradictory state of things, but doubtless Editor L'Engle's ethics cantain something to reconcile them.

"At the same time, we find that The Times-Union is opposed to State uniformity, while The Tampa Tribune favors it. As Editor L'Engle seems ready with an explanation for everything, it will be interesting to read his explanation why these three alleged corporation organs do not unite and come to the aid of the book trust in its efforts to defeat uniformity."

Secretary Taft is very fond of sea breezes, which has proved very soothing to the hot air baloon front which nature has imposed upon him.

At least it seems we are to have a respite from the Thaw trial during the hot weather.

ACTUALLY CURES CATARRH.

It is one thing to claim, but another thing to back up the claim by a statement that if not proven true, there will be no charge for the service or the goods. It is in this way that J. W. McCollum sells Hyomei, for he has so much faith in its power to cure all forms of catarrh and bronchial troubles that he gives an absolute, unqualified guarantee with every outfit that if the remedy does not cure the money will be refunded.

A complete Hyomei outfit costs but $1, making it not only a very pleasant method of treatment, but most economical.

OPENING THIRD WEEK OF THE LEGISLATURE

Monday's Session Was Short, But Busy One in Both Branches.

MANY IMPORTANT MEASURES

Were Introduced and Acted Upon. Legislature of 1907 Seems to Be Determined and United on the Good Roads Question—Adjournment.

Intensely straight and strictly business were the sessions of both the House and Senate Monday afternoon, and the rapidity with which business was disposed of by the latter body caused formal congratulations and felicitations from the president.

There was the usual Monday rush of new bills, followed with quick routine work, while the bill appropriating $1,000 for use of the investigating committee of the internal improvement fund was, under waiver of the rules, passed in a few minutes and sent immediately to the Senate, where it met the same reception.

The Grigg's pension bill, introduced Monday, is an important and sweeping measure, advancing date to 1895, and under its terms giving every Confederate soldier a pension, who is unable to earn support by manual labor.

Prominent arrivals Monday include Hon. W. S. Jennings, Jacksonville; Hon. T. A. Jennings, Pensacola; Dr. Lincoln Hulley, president Stetson University.

Hon. T. A. Jennings would not authorize positive statement that he would be a candidate for Governor, but at the same time would not deny the rumor, and admitted that at the present time the indications were strongly in favor of his candidacy.

SENATE PROCEEDINGS.

The Senate was called to order at 3:30 this afternoon, with President Harris in the chair. Twenty-three Senators responded to roll-call. Resolutions were read from the Florida Medical Society, indorsing bills relative to the State Board of Health.

New Bills Introduced.

Among the new bills introduced were the following:

By Mr. Trammell—To prescribe manner in which railroads shall construct and maintain road crossings, and providing penalties.

By Mr. Trammell—Relating to payment of license or privilege tax by corporations rendering services to the public within the State of Florida.

By Mr. Trammell—Relative to bribery and corrupt practices connected with elections and primary elections and fixing penalties, prohibiting campaign contributions by corporations, and employment of workers.

By Mr. Trammell—To provide that manufacturers and vendors of fertilizers shall in certain cases be liable to purchasers for damages, etc.

By Mr. Henderson.—To amend general statutes relating to enticing laborers and servants.

By Mr. Henderson.—To prohibit the hiring, recruiting or inducing of labor from any county in the State into another county in the State.

By Mr. Humphreys—To provide remedy for breach of contract or for any wrongful act and to provide the measure of damages.

By Mr. Neel.—To amend Section 1002, General Statutes relative to incorporation of towns, cities and municipalities.

By Mr. Willis.—To amend Section 4109, General Statutes, relating to county convicts may be put to labor.

A resolution offered by Senator Trammell, requiring the report of committees on bills referred to them within five days, was adopted after some discussion.

Messages from the House of Representatives were received and read and bills referred to proper Senate committee. Under this head, however, House concurrent resolution No. 1[illegible] was, under waiver of rules, read second time and unanimously adopted.

The preamble of this resolution recites the importance of the oyster industry and the resolution proper requests the United States Fish Commission to send an expert to address a joint session of the Legislature on this subject.

A number of bills that have passed both houses and previously reported were in open session signed by the president and the secretary of the Senate.

Bills on Third Reading.

On motion of Senator McCreary, regular order was waived and bills on third reading were considered and Senate bill No. 39, by Mr. McCreary, amending Section 187 of general statutes relating to publication of list of qualified voters, was read the third time and passed, 26 to 0.

This act simply defines the word publish as meaning printed in some newspaper and not by posting or otherwise, and also defines the duties of the supervisor of registration.

Senate bill No. 39, By Mr. McCreary, relating to damage to stock by phosphate plants, was read in full and passed, 23 to 0.

By Mr. Crill.—For [illegible] of shad, prescribe close Monday [illegible] December, and [illegible] has been assistance or possession [illegible] protection Thursday season April [illegible] prohibiting transportation shad dur-

ing closed season, was read the third time and passed, 22 to 0.

Senate bill No. 122, by Mr. Willis, by request—Relating to catching fish with seines, nets or other set device, or by shooting or gigging in fresh water lakes, was read the third time with an unfavorable report by the committee on fisheries.

On roll-call bill was lost by vote of 6 to 18.

The president announced the name of Senator Cottrell as member on part of Senate joint committee to visit convict camps, and ask for another volunteer to fill out the Senate's complement of two. To this call there was no response, however.

On motion of Senator Buckman, House bill No. 262, by Carter of Alachua, was read the second and third time and passed by vote of 24 to 1. This bill appropriates $1,000 for use of joint committee to investigate transactions of the internal improvement board.

The Senate then adjourned until Tuesday.

IN THE HOUSE.

The House convened at 3:30 o'clock p. m., Speaker Matthews in the chair.

After prayer by the chaplain, the correction of the journal followed, and the following business was taken up:

Mr. Carter of Alachua, for the committee to investigate the internal improvement fund submitted a communication, asking for $1,000 appropriation and for authority to employ counsel. The communication was signed by Senator H. H. Buckman, chairman, and on motion of Mr. Carter, was spread upon the journal.

By Mr. Parkinson of Volusia.—Constitutional amendment relating to issue of State bonds for good roads; to committee on constitutional amendments.

By Mr. Carter of Alachua.—Appropriating $1,000 for use of internal improvement fund investigating committee.

Mr. Carter moved the rules be waived and the bill read a second time by the title only.

On motion of Mr. Carter the rules were further waived and the bill was read a third time and placed on final passage.

The appropriation is intended for the expense of the committee for clerical assistance, attendance of witnesses and incidental expenses. The bill passed 53 yeas, 2 nays, nays being Messrs. Willis of Levy and Williams of Jackson. The bill was certified immediately to the Senate.

By Mr. Long of Clay.—Relating to claims against common carriers.

By Mr. Reese of Escambia.—Relating to time in which suits may be brought.

By Mr. Reese of Escambia, providing for publication in change of suits.

By Mr. Griggs of Franklin.—Relating to pensions.

By Mr. Dudley of Hillsborough.—Appropriating $15,000 annually for two years for Florida State Midwinter fair.

By Mr. Williams of Jackson.—Relating to county bonds, interest and sinking funds.

By Mr. Snell of Polk.—Relating to prohibited degrees of marriage.

By Mr. McKenzie of Putnam.—For payment of surplus over $1,000 of fine and forfeiture fund in Putnam county into road fund.

By Mr. McKenzie of Putnam.—Relating to voters in bonding elections.

By Mr. Faulkner of Taylor.—Providing for transfer by county treasurers of surplus in fine and forfeiture funds to other funds.

By Mr. Parkinson of Volusia.—Creating a State highway commission.

By unanimous consent, Mr. Watson of Dade introduced House concurrent resolution No. 23, for joint meeting of appropriation committee to prepare general appropriation bill and submit to both houses not later than May 15; adopted under suspension of rules.

A message was read from the Senate and the usual action taken with the bills and resolutions.

House bill No. 93, the anti-bucket-shop bill of Mr. Knight of Columbia, was postponed and made the special order for 11 a. m. Tuesday.

Mr. Carter of Alachua moved that the House insist upon its amendment to Senate bill No. 222, relative to change of venue, and ask for a conference thereon; carried. Discussed by Mr. McClellan and several other members. This bill, in one form or another, has been several times before the House. The amendment was lost, and the bill was placed on the calendar without reference to committee.

Bills On Third Reading.

By Mr. Wartmann of Marion.—Authorizing the railroad commission to compel separation of white and colored passengers on railroads, providing a penalty of not more than $5,000 for each offense by railroad, and a fine of not more than $500 or six months' imprisonment for passengers violating provisions of act. The bill was passed by a unanimous vote.

By Mr. Reese of Escambia.—For separation of races on electric street car lines. The bill was then passed—yeas 57, nays 0.

The House adjourned at 5:30 p. m., until 9 a. m. Tuesday.

CUTICURA WORKS WONDERS

Testimonials Received Daily Telling of the Wonderful Cures of Torturing Disfiguring Humors of the Skin, Scalp and Blood.

CURES ARE SPEEDY AND PERMANENT

"I was afflicted with eczema on my face and hands and I used medical treatment for two weeks, but to no avail. I then commenced using the Cuticura Remedies, and after using two cakes of Cuticura Soap and one box of Cuticura Ointment for a little over a month I was entirely cured; Miss Jennie B. Chamberlain, Marcy, R. F. D. No. 1, N. Y., May 28th, 1906."

ANOTHER CURE

"I suffered for more than ten years with a skin disease. Sores were on my legs and they made me sick. Physicians were called in to attend to me, but they did me no good. Nothing seemed to do me any good until one day one of my friends advised me to try the Cuticura Remedies and which I did, and in less than four weeks I was made well. I used the Complete Treatment, consisting of Cuticura Soap, Cuticura Ointment and Cuticura Pills and I found them all very successful. My friends were surprised at such a quick cure, and I am glad to tell everybody what the Cuticura Remedies have done for me. Bertha Simpson, Alviso, Calif., May 24, 1906."

AND STILL ANOTHER

"My two children had the eczema, the first one had it for five months all over the body and we had two doctors treat her. I saw the Cuticura Remedies advertised and bought the Cuticura Soap and Cuticura Ointment and Cuticura Pills, and after using them it wasn't but a short while before she was cured. My other child was also afflicted and the Cuticura Remedies cured her also. We think the Cuticura Remedies the best on the market, and we always keep the Cuticura Soap and Cuticura Ointment on hand. R. R. Crowson, Lovelady, Texas, May 30, 1906."

The Modesty of Women

Naturally makes them shrink from the indelicate questions, the obnoxious examinations, and unpleasant local treatments, which some physicians consider essential in the treatment of diseases of women. Yet, if help can be had, it is better to submit to this ordeal than let the disease grow and spread. The trouble is that so often the woman undergoes all the annoyance and shame for nothing. Thousands of women who have been cured by Dr. Pierce's Favorite Prescription write in appreciation of the cure which dispenses with the examinations and local treatments. There is no other medicine so sure and safe for delicate women as "Favorite Prescription." It cures debilitating drains, irregularity and female weakness. It always helps. It almost always cures. It is strictly non-alcoholic, non-secret, all its ingredients being printed on its bottle-wrapper; contains no deleterious or habit-forming drugs, and every native medicinal root entering into its composition has the full endorsement of those most eminent in the several schools of medical practice. Some of these numerous and strongest of professional endorsements of its ingredients, will be found in a pamphlet wrapped around the bottle, also in a booklet mailed *free* on request, by Dr. R. V. Pierce, of Buffalo, N. Y. These professional endorsements should have far more weight than any amount of the ordinary lay, or non-professional testimonials.

The most intelligent women now-a-days *insist* on knowing what they take as medicine instead of opening their mouths like a lot of young birds and gulping down whatever is offered them. "Favorite Prescription" is of KNOWN COMPOSITION. It makes weak women strong and sick women well.

Dr. Pierce's Medical Adviser is sent *free* on receipt of stamps to pay expense of mailing *only*. Send to Dr. R. V. Pierce, Buffalo, N. Y., 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound.

If sick consult the Doctor, free of charge by letter. All such communications are held sacredly confidential.

Dr. Pierce's Pleasant Pellets invigorate and regulate stomach, liver and bowels.

THE NEW ICE FACTORY.

Express Refrigerator Company Will Have Plant in Operation Soon.

The plant of the Express Refrigerator Ice Company, the new company recently organized, and which will have a capacity of thirty tons per day, will soon be in operation, which will then place Gainesville fourth in rank in the State in the manufacture of that which keeps people cool and preserves perishable matter.

Several months ago the foundation to the building, which will be located on West Depot street, was begun, since which time a large force has been constantly engaged in the work. The building is one of the largest and most modern of the kind in this section of the State, being equipped with immense cold storage plants and other modern appliances. Machinists from the Columbus Iron Works, Columbia, Ga., have been here for the past three weeks installing the machinery, and it is expected that before the end of the week arrives the steam will be turned on.

This will add another link to Gainesville's chain of industries, and inasmuch as this is the center of the vegetable and fruit shipping district, it is safe to assume that the project, which will employ a large number of hands, will be a paying one.

The Michigan Recipe Co., of Corunna, Michigan, make a specialty of furnishing thoroughly practical, tested household recipes. Send for their list. COLFAX REBEKAHS WON GRAND HONOR

At the Session of the State Lodge I. O. O. F. in St. Petersburg.

THE TEAM DID GOOD WORK

Work Was Witnessed by Large Number of Delegates to Grand Lodge, And Was Very Impressive, Receiving Many Compliments.

From Tuesday's Daily Sun.

The St. Petersburg Times of April 20. contained a very complimentary remark to the degree team of Colfax Rebekah Lodge No. 2, of this city, in its recent work of conferring the degree at the session of the Grand Lodge in the city on Tampa bay, which will prove of interest to the people of this section. The compliment was deserved, however, as Colfax Rebekah enjoys the reputation of having the most efficient degree team in the State.

The Times says:

"One of the prettiest and most instructive sessions of the Grand Lodge, so far as the Rebekahs were concerned, was held Wednesday evening in the Fair Auditorium, when Colfax Rebekah Lodge No. 2 of Gainesville conferred the Rebekah degree upon twenty-nine candidates and in the presence of about 150 members from different parts of the State and the United States.

"This lodge is one of the best in the State, and when it was given out that its degree staff would confer the degree on the candidates the members of Golden Rod Rebekah lodge were very anxious to see the work, and made arrangements to have some candidates for them with the above result.

"The lodge was opened in due form by the officers of Golden Rod lodge and compliments were heard on all sides of the creditable manner in which they did their part of work, but the best was to come and every one was anxiously waiting for the time to come when they could witness the work of this much talked of team and none were disappointed, for the whole initiation was carried out without a blunder and the team received much applause at different intervals during the ceremony and at its close every one was so enthused that words could not express their admiration but they were high in their praises of their excellent work.

"Much credit is due their captain, J. W. Blanding, and his excellent team of young ladies for the manner in which they acquitted themselves, each member doing her part with credit to herself, her lodge, and above all showing how untiring and successful had been the efforts of their captain.

"The officers of Colfax lodge who deserve so much honor and praise for this evening's work were as follows:

"N. G., Miss Gertrude Cushman; V. G., Miss Maud Shutt; R. S., Miss Maud McKay; F. S., Mrs. A. M. Cushman; Treasurer, Miss Laura Baird; Chaplain, Mrs. M. B. Saunders; R. S. to N. G., Miss Clara Runkle; R. S. to V. G., Miss Bettie Goss; R. S. to V. G., Miss Mamie Hill; Conductress, Miss Nell Dempsey; Warden, Miss Gertrude Robertson; I. S., Miss Tirzah Whitherspoon; P. N. G., Miss Nettie Robb; R. S. S., Miss Ida Coleman; L. S. S., Miss Nellie Coleman; 1st B. B., Miss Nell DaCosta; 2nd B. B., Miss Linda Tousey; 3rd B. B., Miss Alyce Butler; 4th B. B., Miss Maud Neville; Pianist, Miss Myrtle Fennell; Attendant, Mrs. L. A. Jernigan."

Election of Officers.

The election of officers for the ensuing term included two well-known Odd Fellows of Gainesville, resulting as follows:

Grand master, J. W. White, Jacksonville.

Deputy grand master, B. C. Abernathy, Orlando.

Grand warden, Geo. T. Seef, De Land.

Grand secretary, A. M. Cushman, Gainesville.

Grand treasurer, Geo. L. Branning, West Palm Beach.

Grand representative, C. D. Rinehart, Jacksonville.

Grand marshal, J. W. Blanding, Gainesville.

Grand conductor, W. J. H. Taylor, Key West.

Grand chaplain, A. H. D'Alemberte, Pensacola.

Pale, Thin, Nervous?

Then your blood must be in a very bad condition. You certainly know what to take, then take it—Ayer's Sarsaparilla. If you doubt, then consult your doctor. We know what he will say about this grand old family medicine.

This is the first question your doctor would ask: "Are your bowels regular?" He knows that daily action of the bowels is absolutely essential to recovery. Keep your liver active and your bowels regular by taking laxative doses of Ayer's Pills.

HAWTHORN HAPPENINGS.

Public Improvements the Order of the Day—Other Notes of Interest.

Hawthorn, April 20.—Mr. A. L. Webb and family are occupying the Steele cottage for a short time.

Miss Una MacGinnes has returned from a visit to her sister, Mrs. W. S. Means, of McIntosh.

Miss Mary Berkstresses has returned home, after a successful term in the Archer school.

The town authorities are making improvements in our streets.

W. S. Moore has purchased a fine Jersey bull.

Smith Bros. have sold their interest in the turpentine firm of Smith Bros. & Holden, to Holden & Carleton. Smith Bros. still have interests in Putnam county, near here.

Protracted services are being held in the Methodist Church here by Rev. Matheson.

Dr. Sipprell of Florahome paid us a short visit yesterday.

Miss Lizzie Johnson and Mrs. Lou Johnson have combined their millinery stocks.

Mr. F. J. Hammond and N. Coleman visited Gainesville yesterday.

Mr. Berkstresser, our postmaster, is in St. Petersburg this week, in attendance at the meeting of Odd Fellows.

Mr. C. A. Smith is about again, after several days' illness on account of measles.

Mr. P. F. Stock's family have so far recovered from measles that he is able to be at his stand again with Hammond & Co.

Our liveryman, Mr. Coleman, has returned from Daytona with several nice horses.

Mr. Y. M. Hulme has recently purchased a very fine driver for his wife.

Mr. D. M. Bryan has been somewhat indisposed this week.

The recent showers have been a great delight to farmers.

R. F. D. Route No. 2 will soon be in operation.

Public improvement is the order of the day, and quite an interest is being awakened. Let the good work go on. Such an investment will pay handsome dividends. There is no reason, considering her undeveloped resources, why Hawthorn should not enter upon a period of prosperity greater than ever before enjoyed.

Why

Have a torpid liver when Herbine, the only liver regulator, will help you? There is no reason why you should suffer from dyspepsia, constipation, chills and fever, or any liver complaints, when Herbine will cure you. F. C. Waite, Westville, Fla., writes: "I was sick for a month with chills and fever, and after taking two bottles of Herbine am well and healthy." Sold by W. M. Johnson.

THE NEWS FROM MELROSE.

Sawmill and Lumber Destroyed by Fire—Rain Did Much Good.

Melrose, April 22.—The Melrose Manufacturing Company met with quite a serious loss by the blowing down of their sawmill near Earletan the night of April 15. The mill is a complete loss, also several carloads of fine lumber. No insurance.

Will L. Stokes of Campville is now clerk for L. Baldwin & Son.

A. Jerkins has accepted a position in the Mines at Edgar. A. Goodson doing the same in Jacksonville.

Several good rains have fallen during the past few days, and the crops are much benefited in consequence; early bloom on orange trees is being seen.

Robt. Bingham of Fitchburg, Mass., is the guest of Mrs. Brown.

The many friends of Rev. and Mrs. T. H. Sistrunk will be pleased to hear that she is recovering nicely from her severe illness.

Real estate has been active during the past week, several town lots changing owners.

H. JJackson has returned from a business trip to Jacksonville.

Prevents Headache.

Force them? No—aids them. Ramon's treatment of Liver Pills and Tonic Pellets strenthens the liver and digestive organs so that they do their own work and fortifies your constitution against future trouble. Entire treatment 25c. J. W. McCollum & Co. and W. M. Johnson, Gainesville.

IN MAYOR'S COURT.

Three Greeks Arrested for Drunkenness Fined $5 and Costs.

The three Greeks who were ejected from a train en route from Crystal River to Jacksonville because they were intoxicated and uncontrollable, and who were arrested by Marshal Arnow here, were arraigned before the Mayor's court Tuesday morning, and were fined $5 and costs each.

The names of the men were John Powell, Fred Jenson and Milton Saspers. They have evidently been engaged in sponge fishing on the Gulf coast, as they had plenty of money, which was carefully concealed about their persons, and paid their fines readily. They were completely sober when taken from the jail, and appeared glad to pay the penalty and secure their liberty. They continued on their journey to Jacksonville on the first train, sadder but wiser and poorer by about $7 each.

Another case before the Mayor was Lewis Johnson, who shot a rabbit in his garden, and was fined $5 and costs for discharging firearms in the city limits. Johnson didn't think it was wrong, he said, to shoot anything which was eating up his garden, but he has learned better.

There were a number of offenders of the municipal laws before the Mayor's court Monday morning, with the result that the city coffers were considerably fattened.

The following cases were disposed of:

Henry Beasley, drunk and disorderly, $10 and costs.

Isaac Jetson, drunk and disorderly, $5 and costs.

Hector Jackson, drunk and disorderly, $2.50 and costs.

T. F. Walker, disorderly conduct, $5 and costs.

C. T. Malphurs, disorderly conduct, $1 and costs.

In Memoriam.

Richard Miles, beloved and only son of Mr. and Mrs. R. M. Perry of Ocala, died at the home of Mrs. Lula Moody in this city at an early hour yesterday morning.

Only five months did this dear little one live to gladden the lives of his parents and the Lord who gave him, took him unto Himself, after a short illness.

The little body was laid tenderly to rest in Evergreen cemetery, Rev. Nixon of the Methodist church officiating. The floral offerings were profuse and beautiful. The gentle Saviour calls the children to his breast. He folds them in his loving arms. Himself declares them blest.

Card of Thanks.

We, the undersigned, wish hereby to thank the kind friends, who by word and deed have shown their loving sympathy to us during the sickness and death of Little Richard Miles, the darling and only son of his parents, Mr. and Mrs. R. M. Perry. We assure them that the memory of their kindness to us will ever be cherished in our hearts as the one ray of light illuminating our dark hour of sorrow.

R. M. PERRY,
MRS. R. M. PERRY,
MAY PERRY,
MRS. LULU MOODY.

Judge Mason's Court.

In Judge Mason's court Tuesday there was a case which took a rather peculiar turn.

This was a case in which J. G. Watson was suing the Atlantic Coast Line for the injury of a mare, the plaintiff having alleged that a train on the said road had run the animal down and injured her to such an extent that she was of no further use to the plaintiff.

The case was called. The jury was empanelled and several witnesses sworn and testified, when the plaintiff decided to continue the case, which motion, through the attorney of the plaintiff, was considered and granted.

This case was then dismissed for the present, pending the action of the plaintiff for calling the same again.

Letter to C. D. Schafer, Gainesville, Fla.

Dear Sir: Why do people send us such tales as this?

D. G Smith, Madison, Fla., had his mother's home painted Devoe 11 years ago, and the house looks better today than other houses painted with other paint 3 or 4 years ago.

They are full of good-will for Devoe. Yours truly,

28 F. W. Devoe & Co.

P. S.: The S. J. Thomas Co. sell our paint.
